## **Introduction: The Overall MAPP Process and the Community Themes and Strengths Assessment**

As part of the overall approach to strategic community health improvement planning, Lake County has embarked on a community based approach called MAPP, which stands for Mobilizing for Action through Planning and Partnerships. MAPP is a tool which “helps communities improve health and quality of life through community-wide and community-driven strategic planning.” By following this approach, collaboration is sought by a broad representation of persons who share the commitment to and have a role in the community’s health and overall well-being.

Within the overall MAPP process, there are four main assessment tools utilized. One of these assessment tools is called the Community Themes and Strengths Assessment (CTSA). Within the CTSA, community thoughts, opinions, and concerns are gathered, providing insight into some of the issues of importance to the community. Feedback about perceived quality of life within the individual communities and the county overall is also gathered. And an entire section of the CTSA is devoted to an in depth look at many of the community assets of the county, related to the health and quality of life of the people of Lake County.

Ultimately, as part of the overall MAPP process, CTSA needs to address the following questions:

1. “What is important to our community?”
2. “How is quality of life perceived in our community?”
3. “What assets do we have that can be used to improve community health?”

With this in mind, the CTSA report has 3 sections:

- Section I: Lake County Community Survey – Opinions and perceptions are shared by individuals who live and/or work in Lake County. 2,703 individuals responded to the survey.
- Section II: Key Informant Interviews – More in depth insights were gained through the interviews. Key informants are influential members of the community who possess above average knowledge of the community and the health of the community. Twenty-four key informants were interviewed. A general summary of these interviews is shared in Section II.
- Section III: Asset Mapping – This inventory of various resources related to the health of the community is an important part of the CTSA process. Capacities of individuals, civic associations, and local institutions are brought into consideration. And asset mapping brings to light various possibilities for improving the collaborative mobilization of these resources.

Each of these sections will provide a significant amount of detail regarding the feedback that we received and the insight that we gained. However, before proceeding with the details of Sections I, II, and III, we will first provide an Executive Summary of Key Findings.

*Additional information to accompany these introductory comments may be found in the document entitled “Achieving Healthier Communities through MAPP: A User’s Handbook,” published by the National Association of County & City Health Officials (NACCHO).*

## Executive Summary

Because of the in-depth nature of information included in this Community Themes and Strengths Assessment (CTSA) Report, we are providing here a succinct overview of the approach to and results of the Lake County Community Survey ([Section I](#)), the Key Informant Interviews ([Section II](#)), and the Asset Mapping ([Section III](#)).

[Section I](#) begins by introducing the reasons for conducting the survey and the layout of the survey ([methodology](#)). Then, details regarding the data collection, sample size, and statistical confidence ratings are shared ([data and confidence](#)). After these introductory points, the results of the 45-question survey are unfolded. Demographic data are shared first, with a summary of Survey Questions 35-45. For questions 37 ([age range](#)), 38 ([gender](#)), 39 ([race/ethnicity](#)), 42 ([educational attainment](#)), and 43 ([annual household income](#)), details of survey respondents are compared with actual Lake County data (mostly from 2010 Census data, some from 2006-2009 American Community Survey data). These statistical and demographic details indicate that the survey did successfully reach a strong representation of Lake County as a whole.

After the demographic details have been established, Section I turns to specific feedback gained from the survey respondents, as the responses to Survey Questions 1-34 are unpacked and summarized.

- [Survey Questions 1-6](#) address the respondents' ratings of the quality of life in Lake County.
- [Survey Question 7](#) provides a summary of comments from respondents, related to questions 1-6.
- [Survey Question 8](#) has respondents rate 7 specific perspectives related to quality of life experiences.
- [Survey Question 9](#) has respondents rate the importance of 14 topics as factors in a "healthy community."
- [Survey Questions 10-30](#) have respondents rate the severity of 21 specific community health problems, providing severity ratings for both their local neighborhood/community and for Lake County overall.
- [Survey Question 31](#) asks respondents if there are any additional community health problems (in addition to the previous 21) that should be taken into consideration. Most of the responses here were repeats of the previous problems mentioned in questions 10-30.
- [Survey Question 32](#) provides a summary of comments from respondents, related to questions 10-31.
- [Survey Question 33](#) has respondents rate the overall health of Lake County.
- [Survey Question 34](#) provides a summary of responses related to where respondents get information about health issues/resources.

[Section II](#) begins by introducing the reasons for conducting the key informant interviews and the approach to engaging with the key informants ([methodology](#)). Then, the 24 key informants are introduced, with careful protection of their identities, as general characteristics of the group of informants overall are shared ([key informants](#)). After these introductory points, a general overview of the responses of the informants is given ([general responses](#)), providing a summary of the ratings of both the current health and quality of life in Lake County and the trend of health and quality of life in the county.

After sharing the summary of these general responses, the remainder of Section II provides a detailed analysis of 5 main thematic categories that surfaced in the interviews, with a total of 26 supportive subcategories of common themes described along the way.

The main thematic categories are:

1. Challenges and Issues of Concern
2. Key Health and Quality of Life Contributors
3. Characteristics of those Experiencing Disparities of Health and Quality of Life
4. Suggestions of Possible Solutions
5. Strengths and Affirmations regarding Health and Quality of Life in Lake County

Though there were 23 different [challenges and issues of concern](#) that emerged in the interviews, 7 of these were mentioned in 5 or more interviews and are discussed in the report.

There were 16 different [key contributors to health and quality of life](#) that emerged in the interviews. However, 6 of these were mentioned in 3 or more of the interviews and are discussed.

With regard to [characteristics of those experiencing disparities of health and quality of life](#), 13 different groups of people were mentioned in the interviews. However, 7 of these groups were mentioned in 2 or more of the interviews and are discussed.

There were a variety of [suggestions of possible solutions](#) which emerged in the interviews. Three of these suggestions were mentioned in 2 or more interviews and are discussed.

There were also a variety of [strengths and affirmations](#) regarding health and quality of Life in Lake County. Three of these were mentioned in 2 or more of the interviews and are discussed.

The key informant interviews provide a nice complement to the feedback received in the survey. Both the survey and the interviews together provide a nice context and lead into the third section, Asset Mapping.

[Section III](#) begins with a brief but helpful description of why asset maps can provide a helpful visual analysis of collected data ([introduction](#)). When considering multiple perspectives related to community resources and community needs, asset maps can help tell a multi-dimensional story in ways that the data alone may not be able to capture.

After these introductory points, the asset maps are shared, addressing the following main categories:

1. Education
2. Environment
3. Fitness
4. Food
5. Places of Worship
6. Senior Services
7. Social Services
8. Transportation

The [education](#) maps include the following assets:

- Schools
- Colleges
- Libraries
- Museums

The [environment](#) map includes the following assets:

- Landfills
- Compost and Transfer Stations
- Recycling Facilities

The [fitness](#) maps include the following assets:

- Parks
- Forest Preserves
- Trails
- Beaches
- Lakes
- Hospital Based Fitness Centers
- YMCAs

The [food](#) maps include the following assets:

- Grocery Stores
- Farmers Markets
- Community Gardens
- Facilities that accept SNAP, LINK, and Food Stamps
- Food Pantries
- Soup Kitchens

The [healthcare](#) maps include the following assets:

- Hospitals
- Lake County Health Department Clinics
- Pharmacy Clinics
- HealthReach Clinics
- Pharmacies

The [senior services](#) map includes the following assets:

- Nursing Homes
- Assisted Living Facilities

The [social services](#) maps include the following assets:

- Mental Health Agencies, Levels 1-3, Adults
- Mental Health Agencies, Levels 1-3, Adolescents

The [transportation](#) maps include the following assets:

- Highways
- Interstates
- Metra Train Routes
- PACE Bus Routes
- Airports

The [places of worship](#) map shows the 330 places of worship in Lake County.

This collection of data and asset maps is not intended to be exclusive nor exhaustive. Additional data related to this Asset Mapping is included in the resources of [Appendix 3](#). Additional efforts in Asset Mapping within Lake County are needed and encouraged.

## Section I: Lake County Community Survey

### **Methodology**

The Lake County Community Survey was conducted to learn the opinions and perceptions of individuals who live and/or work in Lake County. A 45-question survey (see [Appendix 1](#)) was developed to gather opinions and perceptions about the health and quality of life in Lake County. There are 3 main parts to the survey. Part one (nine questions) asks respondents to rate the quality of life in Lake County and to prioritize contributors to a healthy community. Part two (twenty-five questions) asks respondents to rate various specific health issues on a continuum between “not a problem” to “major problem.” These ratings are broken out by the respondent’s own community and Lake County overall. The last question of part two asks respondents where they get information about health issues and resources. Part three (eleven questions) asks respondents to share a variety of demographic information, such as the town they live in, their age, gender, race/ethnicity, and how long they have lived in Lake County. NOTE: For the reporting of responses to Survey Questions 1-6, 8, 9, and 33, the term “Percent” is the percent of responses divided by the total number of surveys completed (2,703). The term “Valid Percent” is the percent of responses divided by the total number of responses to that particular question (some respondents skipped some questions in the survey). And the term “Cumulative Percent” is a running percent total, row by row, ending in 100% representation of the “Valid Percent” column.

### **Data Collection, Sample Size, Confidence Level, and Confidence Interval**

The survey was shared with various individuals and community agencies throughout Lake County. During the months of September and October of 2011, the survey was made available online via Survey Monkey and also in hard copy. With the population of Lake County being 703,462 (2010 US Census), to achieve a 95% Confidence Level with a +/- 4.0% Confidence Interval, we would have needed 600 survey responses. Because we had 2,703 surveys completed, we achieved a 95% Confidence Level with a +/- 1.9% Confidence Interval.

### **Demographic Information of Survey Respondents**

To help with developing the context of this section, we will begin by reporting the responses to Survey Questions 35-45, the demographic information collected. For Tables 1.1 through 1.5, we will compare percentages of survey respondents to the Lake County actual percentages. For Table 1.6, we will report the remaining demographics without reference to Lake County actual percentages.

#### **Race/Ethnicity** (corresponds with Survey Question 39)

Table 1.1 provides information regarding how the race/ethnicity of survey respondents compares with actual race/ethnicity demographics for Lake County as a whole.

<b>Table 1.1 Race/Ethnicity of Survey Respondents</b>		
<b>Race/Ethnicity</b>	<b>Survey Respondents</b>	<b>Lake County Actual*</b>
Caucasian/White	72.5%	75.1%
African American/Black	7.9%	7.0%
Hispanic/Latino	16.8%	19.9%
Asian/Pacific Islander	2.3%	6.3%
Native American	0.5%	0.5%

Sources: Lake County Community Survey (2011); US Bureau of the Census (2010).

\* This column total is greater than 100% due to instances of reporting more than one category of race/ethnicity per person.

**Educational Attainment** (corresponds with Survey Question 42)

Table 1.2 provides information regarding how the educational attainment of survey respondents compares with actual education attainment demographics for Lake County as a whole.

Table 1.2 Educational Attainment of Survey Respondents		
Educational Attainment	Survey Respondents	Lake County Actual*
Less than High School	4.7%	12.0%
High School Diploma/GED or Higher	95.3%	88.0%
College Degree or Higher	63.8%	40.9%

Sources: Lake County Community Survey (2011); US Bureau of the Census (2010).

\* These Census percentages are based on persons 25 years of age or older.

**Age Range** (Corresponds with Survey Question 37)

Table 1.3 provides information regarding the age range of survey respondents, compared with the age range representation of Lake County as a whole. It should be noted that the survey was not targeted toward children or youth.

Table 1.3 Age Range of Survey Respondents		
Age Range	Survey Respondents	Lake County Actual
0-25 years	6.0%	36.4%
26-39 years	22.9%	18.2%
40-54 years	38.9%	23.7%
55-64 years	22.9%	11.3%
65+ years	9.3%	10.4%

Sources: Lake County Community Survey (2011); US Bureau of the Census (2010).

**Gender** (Corresponds with Survey Question 38)

Table 1.4 provides information regarding the gender of survey respondents, compared with the gender representation of Lake County as a whole. It should be noted that surveys like the Lake County Community Survey typically have a higher proportion of female respondents than is representative of the population.

Table 1.4 Gender of Survey Respondents		
Gender	Survey Respondents	Lake County Actual
Female	74.9%	50.1%
Male	25.1%	49.9%

Sources: Lake County Community Survey (2011); US Bureau of the Census (2010).

**Annual Household Income** (Corresponds with Survey Question 43)

Table 1.5 provides information regarding annual household income of survey respondents, compared with the annual household income representation of Lake County as a whole.

<b>Table 1.5 Annual Household Income of Survey Respondents</b>		
<b>Annual Household Income</b>	<b>Survey Respondents</b>	<b>Lake County Actual</b>
< \$10,000	7.6%	3.5%
\$10,000-14,999	3.6%	2.8%
\$15,000-24,999	3.9%	6.2%
\$25,000-34,999	5.1%	6.8%
\$35,000-49,999	9.0%	11.0%
\$50,000-74,999	14.5%	17.4%
\$75,000-99,999	11.7%	14.8%
\$100,000-149,999	16.4%	17.5%
\$150,000-199,999	7.0%	8.8%
> or = \$200,000	6.8%	11.1%
Not Sure	2.1%	N/A
Prefer Not to Answer	12.2%	N/A

Sources: Lake County Community Survey (2011); American Community Survey (2005-2009).

**Additional Demographic Information**

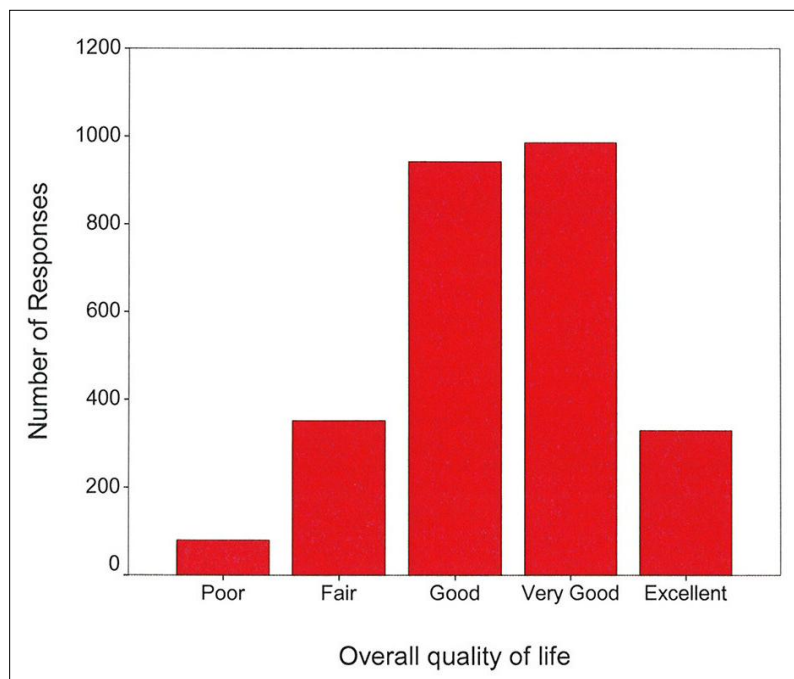

<b>Table 1.6 Additional Demographic Information</b>		
<b>Demographic Detail</b>	<b>Response Count</b>	<b>Response Percentage</b>
<b><i>Language of Survey</i></b>		
English	2,463	91.1%
Spanish	240	8.9%
<b><i>Marital Status (corresponds with Survey Question 41)</i></b>		
Married/Civil Union	1,530	66.7%
Single	434	18.9%
Separated/Divorced	253	11.0%
Widow/Widower	78	3.4%
<b><i>How long have you lived in Lake County? (corresponds with Survey Question 40)</i></b>		
15+ years	1,502	63.6%
11-15 years	306	12.9%
6-10 years	271	11.5%
0-5 years	246	10.4%
Never lived in Lake County	38	1.6%

## Responses Related to Quality of Life

### Survey Questions 1-6

Survey questions 1-6 asked respondents to rate the quality of life in Lake County. The response options for these questions were: Excellent (Rating of 5), Very Good (Rating of 4), Good (Rating of 3), Fair (Rating of 2), and Poor (Rating of 1). Below is a summary of the responses to questions 1-6.

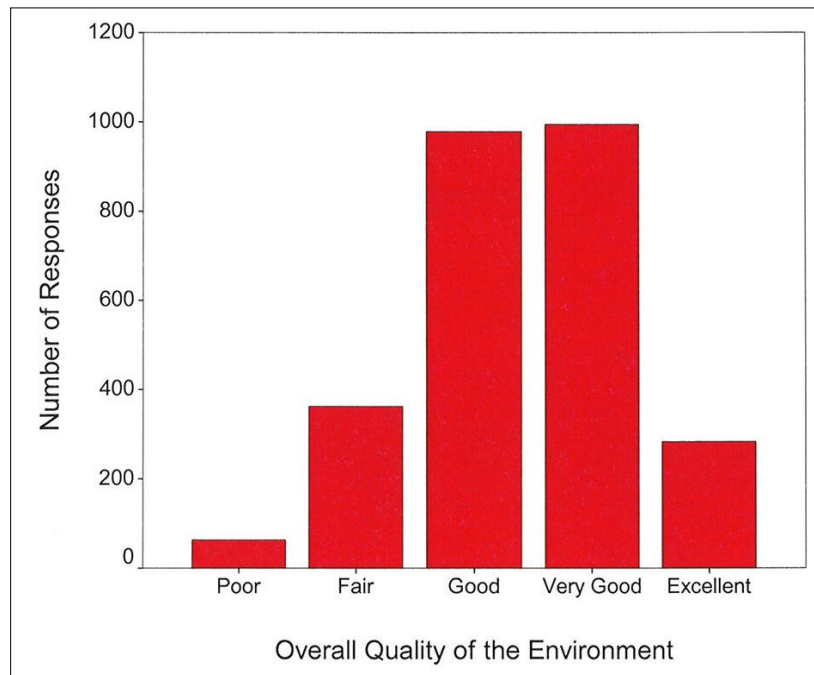

**Question 1: How is the overall quality of life in Lake County? (Consider your sense of safety, well-being, participation in community life and associations, etc.)**

N	Valid	2688
	Missing	15
Mean		3.42
Median		3.00
Std. Deviation		.964

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Poor	80	3.0	3.0	3.0

### Survey Question 7: Comments Related to Questions 1-6

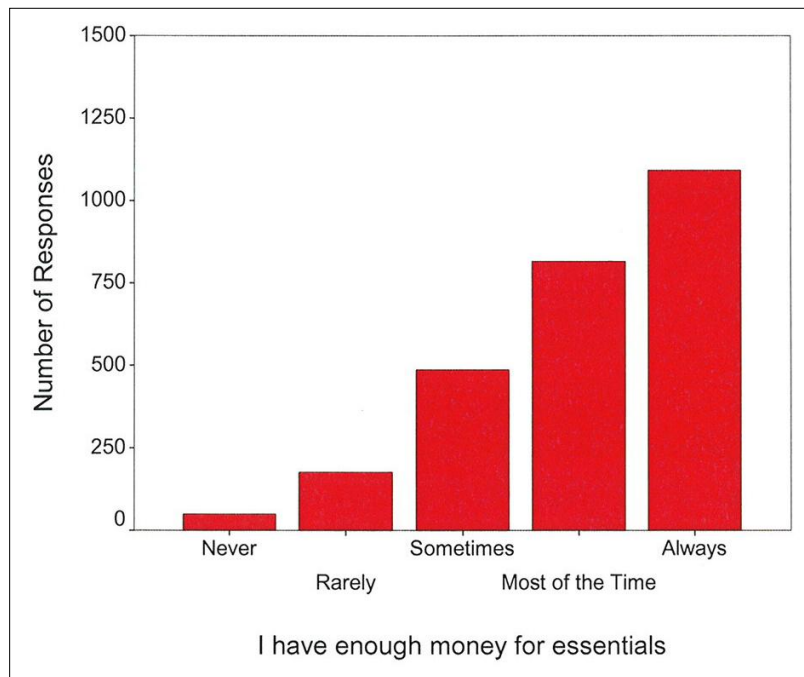

Question 7 gave respondents an opportunity to share comments related to questions 1-6. There were 468 comments shared. Some of the general themes addressed in question 7 comments were:

- a. **Location:** Comments related to the variations of Quality of Life depending on where in the County is being considered.
- b. **Taxes:** Comments related to the challenge of property taxes in Lake County being high and also the importance of various corporations being located in Lake County, as a tax base.
- c. **Transportation:** Comments related to the need for more complete streets (additional sidewalks, bike paths, etc.). Comments related to Lake County being designed for people who have private access to transportation. Comments related to the lack of public transportation options throughout the County.
- d. **Senior/Elder Care:** Comments related to the challenge of the cost of living for seniors in Lake County (not as much of a challenge for those with private insurance). Comments related to the need for more senior discounts and more consolidated/comprehensive care for seniors.
- e. **Schools/Education/Park Districts/Recreation:** Comments related to disparities which exist between school districts within Lake County. Comments related to perceived low morale in many schools districts within the county. Some comments related to positive educational experiences within the county. Overall, desire to see greater access to recreational opportunities within the county.
- f. **Law Enforcement:** There was one positive comment about the perceived support from law enforcement in Lake County. There were several comments related to the perception of law enforcement systems being spread too thin and a corresponding reduction in quality of life.
- g. **Healthcare:** Comments related disparities experienced between persons with private and public insurance coverage. Comments related to the need for more mental health resources within Lake County. Also, certain areas of the county seem to have less access to healthcare resources.
- h. **Employment:** Comments related to the lack of employment in Lake County. Comments related to the challenge of being able to remain in Lake County as retirement age approaches (due to cost of living and taxes).
- i. **Environment:** Positive comments about the Lake County Forest Preserves and many of the Park Districts in the county. Concerns expressed about leaf burning and the impact upon air quality.
- j. **Safety/Violence:** Many comments expressing a significant reduction in perceived safety. Several comments related to concern about the presence of gangs. Comments related to a sense of need for increased presence from law enforcement.
- k. **Diversity:** One comment related to an appreciation for the diversity in Lake County. Several comments related to concern over the presence of the number of illegal immigrants in Lake County and the perceived impact that this has on the county.
- l. **Miscellaneous:** Comments related to the need for community collaboration across Lake County. Comments related to the desire to reduce disparities in quality of life across the county.

### Survey Question 8: Rating of Quality of Life Experiences

This question asked respondents to express their opinion/state their experience regarding 7 specific areas related to quality of life. The response options for these questions were: Always (Rating of 5), Most of the time (Rating of 4), Sometimes (Rating of 3), Rarely (Rating of 2), and Never (Rating of 1). These 7 specific areas of rating are framed with the following statement: **Please read the following statements and check the response which most closely matches (your) opinion for each. Keep in mind that your responses are anonymous and cannot be associated with you.**

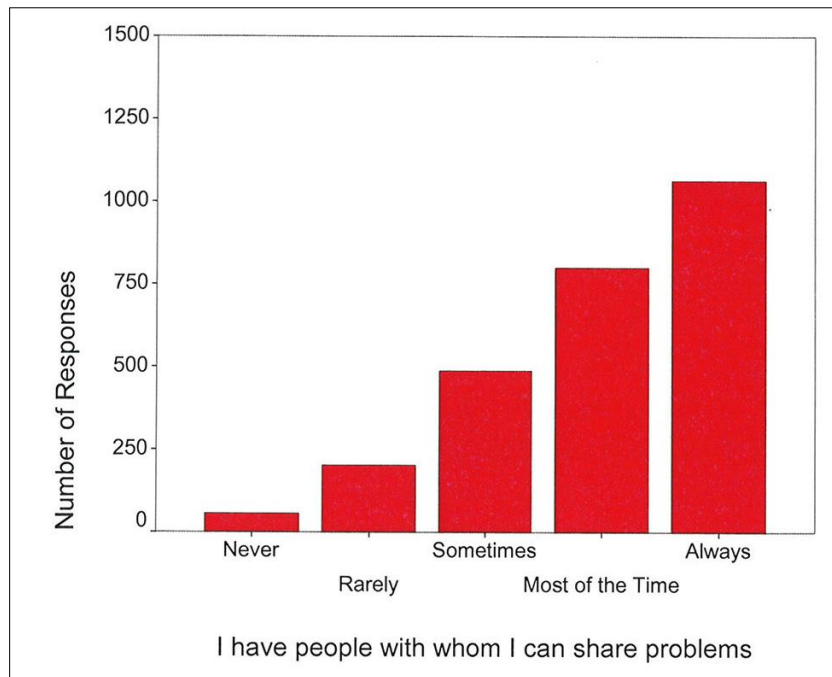

**Question 8A: I have enough money to pay for essentials such as food, clothing, housing, and medicine.**

**Responses Related to Community Health**

**Survey Questions 10-30**

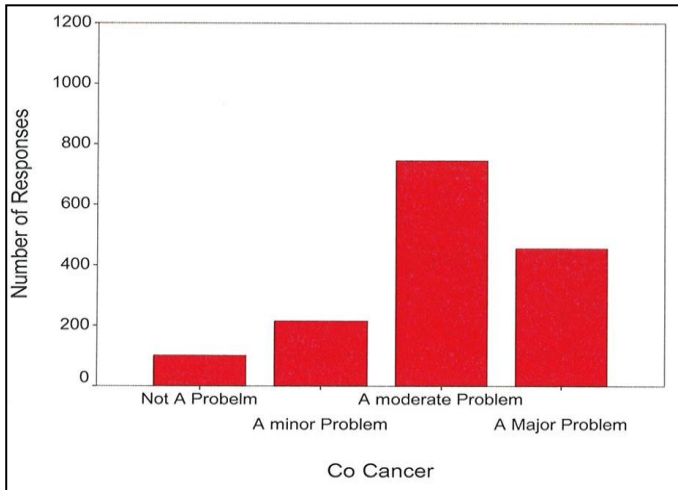

Survey questions 10-30 asked respondents to rate the severity of specific community health problems, both within their own neighborhood/community and within Lake County overall. The response options for these questions were: It is a Major Problem (Rating of 4), It is a Moderate Problem (Rating of 3), It is a Minor Problem (Rating of 2), and It is Not a Problem (Rating of 1). Below is a summary of the responses to questions 10-30, with a side-by-side comparison of the rating for the neighborhood/community and the overall county. For these questions (for efficiency of space), we will only show the graphs and not the summary tables. NOTE: For the side-by-side comparisons between neighborhood/community and the overall county, please note that the y axes (the range of the number of responses) may vary from graph to graph.

These questions were all framed with the statement: **Please provide your opinion on some specific health issues. For each of the following issues, please mark if you think it is not a problem, a minor problem, a moderate problem, or a major problem. Note that you are being asked to rate each issue more than once – for the neighborhood/community you live in and for Lake County as a whole. Keep in mind that your choices are anonymous and cannot be associated with you.**

**Lake County overall**

**Survey Question 31**

This question states: **If there is additional health problem that you would like to include, please indicate it in the box below and rate the extent it is a problem as you have for the previous questions.**

Out of the 166 comments that were shared with regard to this question, almost all of them were a repeat of the topics covered in questions 10-30. However, there were two topics that appeared in several comments for question 31. The additional topics were ADD (Attention Deficit Disorder) and ADHD (Attention Deficit Hyperactivity Disorder).

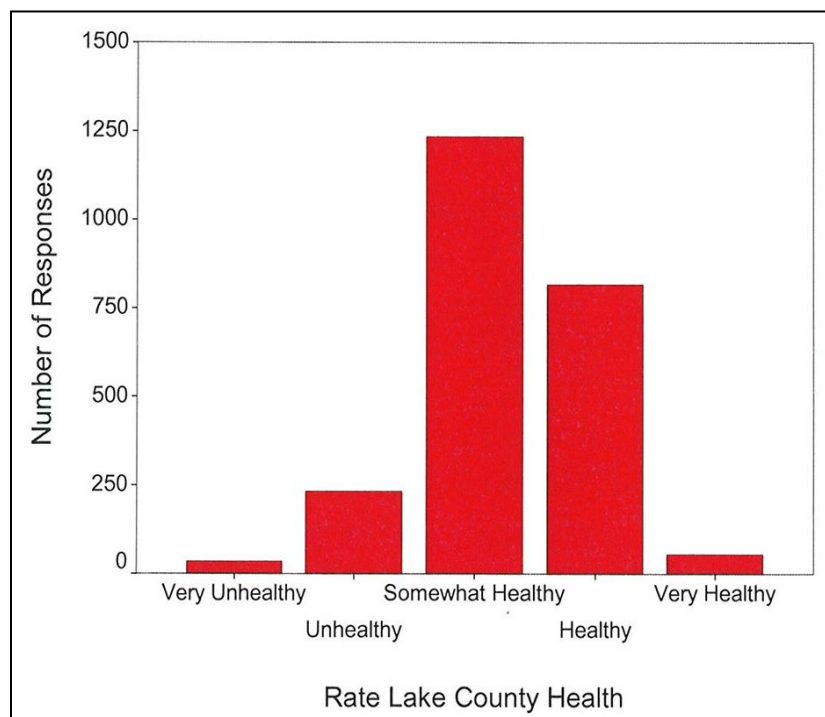

### Survey Question 32: Comments Related to Questions 10-31

This question gave respondents an opportunity to share comments related to questions 10-31. There were 132 comments shared. Some of the more common themes mentioned in question 32 comments were:

- Mental Health Resources:** Several people commented that the lack of mental health resources in Lake County is a major problem. The lack of a mental health hospital in Lake County was also mentioned.
- Economy/Housing/Homelessness:** Homelessness was mentioned by several respondents as a problem in Lake County. The impact of the economy and the stress of making it financially from day to day was cited.
- Access to Regular, Reliable Options for Physical Activity:** Several respondents mentioned the need for more regular, reliable options for physical activity. It is one thing for resources to exist. It is another for the general public to be aware them and able to access them.
- Community Safety:** This was cited by several respondents as a major concern for Lake County. And community safety (including fear of gangs and a perceived lack of support from law enforcement) has an impact upon the level of regular physical activity experienced.
- Social Isolation:** This was mentioned directly or indirectly by several respondents. Some of these respondents made a connection between a sense of social isolation and struggles with issues such as obesity, diabetes, and mental health.

### Survey Question 33

This question asked respondents: **How would you rate the overall health of Lake County?** The response options for this question were: Very Healthy (Rating of 5), Healthy (Rating of 4), Somewhat healthy (Rating of 3), Unhealthy (Rating of 2), and Very unhealthy (Rating of 1). Here are the ratings:

N	Valid	2371
	Missing	332
Mean		3.26
Median		3.00
Std. Deviation		.723

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Very Unhealthy	34	1.3	1.4	1.4
	Unhealthy	232	8.6	9.8	11.2
	Somewhat Healthy	1234	45.7	52.0	63.3
	Healthy	816	30.2	34.4	97.7
	Very Healthy	55	2.0	2.3	100.0
	Total	2371	87.7	100.0	
Missing	System	332	12.3		
Total		2703	100.0		

### Survey Question 34

This question asked respondents: **Where do you get information about health issues/resources (e.g., water quality, heart disease) in Lake County?** Here are the responses, with response count and percentage:

**Table 1.7 Where do you get information about health issues/resources?**

Information Source	Response Count	Response Percentage*
Newspaper (print or online)	1,342	61.0%
Internet	1,323	60.1%
Doctor	1,126	51.2%
News station (TV or online)	974	44.3%

Hospital	591	22.0%
Community service organization	567	25.8%
School	542	24.6%
Neighbor	485	22.0%
Church	430	19.5%

\* Respondents were directed to "please check all that apply."

## Section II: Key Informant Interviews

### Methodology

The Lake County Community Survey responses provide a relatively large sample of feedback regarding the opinions, perceptions, and experiences of the survey respondents. The Key Informant Interviews provide additional insight into the communities of Lake County from the perspectives of influential and knowledgeable community members. The interviews were conducted either face-to-face or by phone and they each lasted anywhere between 20-95 minutes. Staff from the Lake County Health Department (LCHD), along with select, oriented community members facilitated the interviews. An interview tool containing nine questions (see [Appendix 2](#)) was utilized. Open dialogue and follow up questions/conversation/discussion accompanied the usage of the interview tool.

### Key Informants

The Community Themes and Strengths Assessment (CTSA) subcommittee desired to have a wide representation of key informants, representing multiple sectors of service and also ensuring geographic and racial/ethnic diversity. Twenty-four interviews were completed. Table 2.1 presents some general characteristics of the key informants. Overall, there were 13 women interviewed and 11 men. The number of years living in Lake County ranges from 0 to 55. And the number of years working in their current position ranges from <1 year to 25 years. The key informants represent 14 different sectors of service.

### Summarizing and Analyzing the Collection of Interviews

We are committed in this report to protecting the identity of the key informants. Therefore, we will present anonymous references to comments, opinions, and observations within this section. We will also endeavor to emphasize common themes across the multiple interviews. In order to accomplish this collective representation, we have analyzed the themes and subthemes and will present them now.

**Table 2.1 General Characteristics of Key Informants Interviewed**

Key Informant	Gender	Organization Category	Years living in Lake County	Years in Current Position
1	F	Business	0	6
2	M	Business	N/A	N/A
3	F	Community	22	16
4	F	Education	5	1

## **General Responses**

### **Rating the Current Health and Quality of Life in Lake County**

Out of the 24 interviews, 6 people felt that the health and quality of life in Lake County are good, 3 felt they are very good, 3 felt that they are average/fair, 1 felt they are above average, 1 felt they are poor, and 10 expressed some type of mixed rating (i.e., some parts of the county are good, some are average/fair, and some are poor).

### **Rating the Trends of Health and Quality of Life in Lake County**

Out of the 24 interviews, 4 people felt that their health and quality of life in Lake County have remained the same, 4 felt they have improved, 10 felt they have declined, and 6 expressed a mixed rating (i.e., some parts of the county have remained the same, some parts have improved, and some parts have declined).

### **About these General Responses**

These general responses indicate that there is a significant amount of variety in the experiences of health and quality of life throughout Lake County. Even with this diversity of experiences, it is worthy of noting that 10 of the 24 people interviewed did rate the trend of overall health and quality of life in Lake County as having declined or in the process of declining.

## **Specific Responses**

As the 24 interviews were analyzed collectively, 5 main thematic categories of responses emerged:

1. Challenges and Issues of Concern
2. Key Health and Quality of Life Contributors
3. Characteristics of those Experiencing Disparities of Health and Quality of Life
4. Suggestions of Possible Solutions
5. Strengths and Affirmations regarding Health and Quality of Life in Lake County

We will now take each of these main thematic categories of responses and present the most common responses within those categories.

### **Challenges and Issues of Concern**

Within this category, there were 23 different themes that emerged. For this report, we will only discuss the themes that appeared in 5 or more of the interviews, which includes these 7 themes:

1. Bad Economy (mentioned in 17 interviews)
2. Limited Personal Resources (15)
3. Transportation (13)
4. Poverty/Being Poor (9)
5. Shortage of Mental Health Services (7)
6. Substance Abuse (6)
7. Language Barriers (5)

### **Bad Economy**

The declining state of the economy was mentioned most frequently as a major challenge to the health and quality of life in Lake County, mentioned in 17 of the 24 interviews. Among the subthemes mentioned were: unemployment, lack of funding for services needed, mortgage foreclosures, the housing market, the cost of living, the difficult labor market, and the impact of high taxes, driving out/deterring companies from Lake County.

### **Limited Personal Resources**

The impact of people in Lake County having limited personal resources was the second most common theme, mentioned in 15 of the interviews. Among the subthemes mentioned here were: lack of health insurance, lack of affordable health care, lack of knowledge of services available, low paying jobs, lack of job training, and a lack of knowledge even of one's own needs.

### **Transportation**

The challenge of transportation in Lake County was the third most common theme mentioned (13 interviews). Among the subthemes mentioned here were: concern about the gaps in coverage by public transportation, the need for better roads and infrastructure, and the difficulty of getting to health related appointments for many people in Lake County.

### **Poverty/Being Poor**

The challenge of poverty/being poor was the fourth most common theme mentioned (9 interviews). Homelessness and negative perceptions of the poor in Lake County were mentioned. Also addressed here were the judgmental attitudes that exist in some pockets of Lake County related to the poor. There are some in Lake County who believe the poor are reluctant to make a better life and practice personal accountability. Some in Lake County see the poor as being oblivious to health issues. Some of the people interviewed pointed out the danger of this spirit of judgment and condemnation of the poor.

### **Shortage of Mental Health Services**

This shortage of services was the fifth most common theme mentioned (7 interviews). Also, the interrelatedness of economic and personal challenges with the need for mental health services was noted. The shortage of youth and children's mental health services was also noted.

- "Funding for mental health programs has been slashed, closing down community programs and beds and those who need treatment and don't have insurance will go without treatment, get worse, and be arrested and receive treatment through the jail system."

### **Substance Abuse/Addiction (Drugs, Alcohol)**

This was the sixth most common theme mentioned (6 interviews). Along with the existence of this problem, there were also several interviews which emphasized the importance of the shortage of substance abuse services and in fact the significant cuts in funding for these services.

### **Language Barriers**

With approximately 20% of the residents of Lake County being from Latino/Hispanic populations, language barriers were mentioned in 5 interviews as being a significant contributor to challenges with health and quality of life.

## **Key Health and Quality of Life Contributors**

Within this category, there were 16 different themes that emerged. For this report, we will only discuss the themes that appeared in 3 or more of the interviews, which includes these 6 themes, perceived as contributing to the health and quality of life of people in Lake County:

1. Education (mentioned in 8 interviews)
2. Access to Public Transportation (8)
3. Prevention Initiatives (8)
4. Health Education (6)
5. Engagement with Faith Communities (4)
6. Dental Services (3)

### **Education**

The importance of pursuing and having a good education was mentioned most frequently as a contributor to having good health and a good quality of life, mentioned in 8 interviews. In some parts of Lake County, the opportunities to attain a good education have historically been better than in other parts of the county.

- “I think with less education comes a reduced ability to advocate for your own health and well being. It seems t to get what we need, we need to really advocate for ourselves.”

### **Access to Public Transportation**

The importance of being able to access various parts of the county by public transportation was tied for second as a key health and quality of life contributor, mentioned in 8 interviews. Related to #3 in the Challenges and Issues section, part of the emphasis on transportation here is connected to residents of Lake County being able to get to the health resources that are needed. These health resources could be related to health promotion, prevention, or intervention.

### **Prevention Initiatives**

The importance of preventing health problems instead of waiting until health problems exist was tied for second as a key health and quality of life contributor, mentioned in 8 interviews. An important subtheme that was mentioned here was the call for coordinated funding, looking at the larger picture.

- “We know that community prevention works but we aren’t willing to pay for it. But we are willing to pay for hospital care. This doesn’t make sense.”

### **Health Education**

The importance of having good health-related knowledge was the fourth most commonly noted key to good health and quality of life, mentioned in 6 interviews. Similar to the emphasis on prevention initiatives (above), there were several comments about health education which emphasized the importance of being proactive about health, rather than reactive.

- “We need more education regarding the importance of choosing healthy lifestyles...education classes introducing fitness options for kids who do not like sports.”

### **Engagement with Faith Communities**

Engaging with faith communities was tied for fifth as a key to better health and quality of life (4 interviews). Part of the thinking behind this key is that faith communities often have important connections with people of a variety of socio-economic background, where health promotion can be linked to existing relationships.

## **Dental Services**

Because there can be such disparity in receiving the dental care needed, 3 people interviewed mentioned dental services as one of the keys to health and quality of life in Lake County (tied for fifth in the list of keys).

## **Characteristics of those Experiencing Disparities of Health and Quality of Life**

Within this category, there were 13 different groups of people mentioned. For this report, we will only discuss the themes that appeared in 2 or more of the interviews, which includes these 7 groups:

1. Latino Population (mentioned in 5 interviews)
2. Senior Citizens (5)
3. Immigrants (5)
4. Women/Single Moms (3)
5. Working Poor/wage earners without benefits from their employer (2)
6. Unemployed (2)
7. Individuals with Mental Health Conditions (2)

### **Latino Population**

While 5 of the interviews specifically mentioned the Latino population as being vulnerable to disparities of health and quality of life, it was also mentioned in several interviews that there are many Latinos in Lake County who are healthier than average and in a good place with regard to quality of life. It was also mentioned that for the Latino population, it is very important to have health information/education coming from trust sources/relationships. This is important to note, though this phenomenon is certainly not limited to the Latino community.

### **Senior Citizens**

Five of the interviews specifically mentioned senior citizens as being vulnerable to disparities of health and quality of life. Senior citizens may be more likely to struggle with accessing health promotion and prevention resources. They may also be more likely to struggle with accessing intervention and treatment. It was also mentioned that a subgroup of vulnerability within the senior community would be senior citizens who have a mental illness and/or a disability.

### **Immigrants**

The 5 interviews that emphasized the vulnerability of immigrants focused on the need for additional resources to help immigrants get situated more solidly in the communities of Lake County. Often, these immigrants may receive a lot of push back from others in the community. This group includes, but is not limited to, undocumented immigrants.

### **Women/Single Moms**

Three of the interviews specifically mentioned women (especially single moms) as being more vulnerable to disparities of health and quality of life. The social-emotional stresses of being a single mom, combined with the stresses of providing for your family's well being and health were mentioned as contributing factors.

### **Working Poor/wage earners without benefits from their employer**

Two of the interviews specifically mentioned (others referenced indirectly) the working poor as being an important category to consider with regard to health and quality of life disparities. This group includes people who have jobs, but don't receive health benefits from their employer. Also included are people who make too much money to qualify for assistance, but not enough to be able to afford them on their own.

### **Unemployed**

Although earlier 10 interviews mentioned unemployment within the larger theme of the impact of the bad economy on health and quality of life, 2 interviews here specifically mention the unemployed as a group of people who are vulnerable to disparities of health and quality of life. Certainly, unemployment is a theme that spans across several sections of the interviews.

### **Individuals with Mental Health Conditions**

Although earlier 7 interviews mentioned a shortage of mental health services as a major problem in the larger theme of challenges and issues related to health and quality of life, 2 interviews here specifically mention individuals with mental health conditions as a group of people who are vulnerable to disparities of health and quality of life. Just as was the case with unemployment above, mental health is a theme that also spans across several sections of the interviews.

### **Suggestions of Possible Solutions**

Within this category, there were a variety of suggestions that emerged. Many of the suggestions were unique to the individual being interviewed. For this report, we will only discuss the suggestions that appeared in 2 or more of the interviews, which includes these 3 suggestions:

1. Wider participation in community collaboration and partnerships (mentioned in 9 interviews)
2. Greater community engagement (3)
3. Prioritize the built environment (2)

### **Wider Participation in Community Collaboration and Partnerships**

This suggestion was mentioned in 9 of the interviews and was by far the most commonly shared suggestion. With the landscape of financial limitations and the way that so many of the needs of the community run across multiple sectors of community service, the vitality of thinking about the "big picture" of collaboration, cooperation, and partnering strategically together was highly emphasized.

- "There has been a change in thinking. Many organizations and people are realizing the value of collaborating. People are interested in working together for better results."

### **Greater Community Engagement**

Within the 3 interviews that commonly referenced the need for community engagement, the following subthemes were included: the importance of including families more interactively in the educational process of their children, the importance of bringing community members into the conversation more when it comes to planning, policy development, and cultivating awareness and involvement, and the importance of seeking feedback from community members who are receiving and in need of supports and services.

### **Prioritize the Built Environment**

Two of the interviews specifically shared (others addressed this indirectly) the common theme of needing to prioritize the built environment in Lake County and its various communities. Included in the specific points that were emphasized were: the need for allocated bike lanes on various roads within Lake County (state roads and county roads) and the need for complete sidewalks to enable greater and safer pedestrian traffic. As will be mentioned next in the list of strengths and affirmations, there are existing resources when it comes to opportunities to be outdoors. But when it comes to basic walking and biking paths as viable modes of transportation, there are needed improvements and enhancements.

### **Strengths and Affirmations Regarding Health and Quality of Life in Lake County**

Within this category, there were also a variety of strengths and affirmations mentioned. Many of the points emphasized were unique to the individual being interviewed. For this report, we will only discuss the strengths and affirmations that appeared in 2 or more of the interviews, which includes these 3 points:

1. Great open spaces/parks and forest preserves (mentioned in 2 interviews)
2. Increased emphasis upon wellness and making healthy choices (2)
3. Expanded hospitals, acute-care centers, and medical buildings (2)

### **Great Open Spaces/Parks and Forest Preserves**

Two of the interviews specifically mentioned the asset of open spaces, parks, and the forest preserves. With these assets, the opportunity to be healthy has improved. Parks encourage physical activity (pull up bars, walking paths). One of the interviews stated (about the Forest Preserves):

- “It is attractive and I fear that we would lose this with funding changes.”

### **Increased Emphasis upon Wellness and Making Healthy Choices**

Within these 2 interviews, it was emphasized that healthy behaviors are becoming culturally more popular and accepted. A growing number of communities support farmers markets and community gardens. And overall wellness (healthy eating and active living) is being emphasized more.

### **Expanded Hospitals, Acute-Care Centers, and Medical Buildings**

Within these 2 interviews, it was emphasized that the county’s high median household income has contributed to an increase in the quantity and quality of medical facilities in the county. It was also emphasized that local hospitals have consolidated into larger systems within the past few years. System affiliations can improve access to specialty care, although system consolidations could be unsettling to the general resident of Lake County.

## **Section II Conclusion**

Now that we have summarized the key informant interviews with regard to challenges and issues of concern, key health and quality of life contributors, disparities of health and quality of life, possible solutions, and strengths and affirmations, we now turn to the final section of the CTSA report: Asset Mapping. Section III will build nicely on the themes and strengths identified in Sections I and II.

## Section III: Lake County Asset Mapping

### Introduction

The assets in Lake County have been collected and analyzed by both the Lake County Health Department and the community to develop a capacity inventory. While a list of assets would suffice, it is often not enough to know the quantity and quality of assets. Because of disparities in wealth, educational attainment and access to care, the location of assets is equally important. Maps combine collected data with imagery to produce a story that is more complete and simpler to tell. Locational data helps the community narrow down which assets are important. Once the data are identified, maps become a spring board for analysis and action. The following section locates the assets our community has deemed important.

### Asset Maps

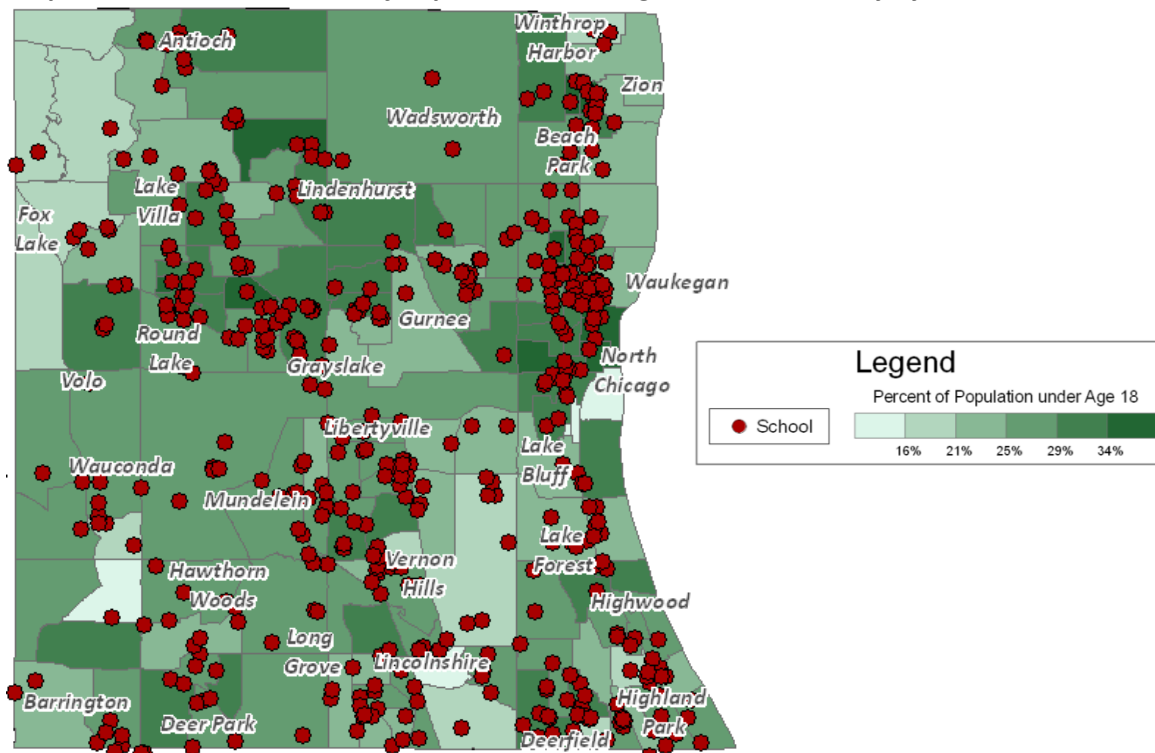

#### Education

##### **Assets:**

- Schools
- Colleges
- Libraries
- Museums

In Lake County, there are 495 schools, some of which are private schools or day care centers, with the majority being public schools ([Appendix 3.1](#)). In 2010, these schools served to educate 192,672 kids age 17 and under, about 27% of the population of the county (Map 3.1).

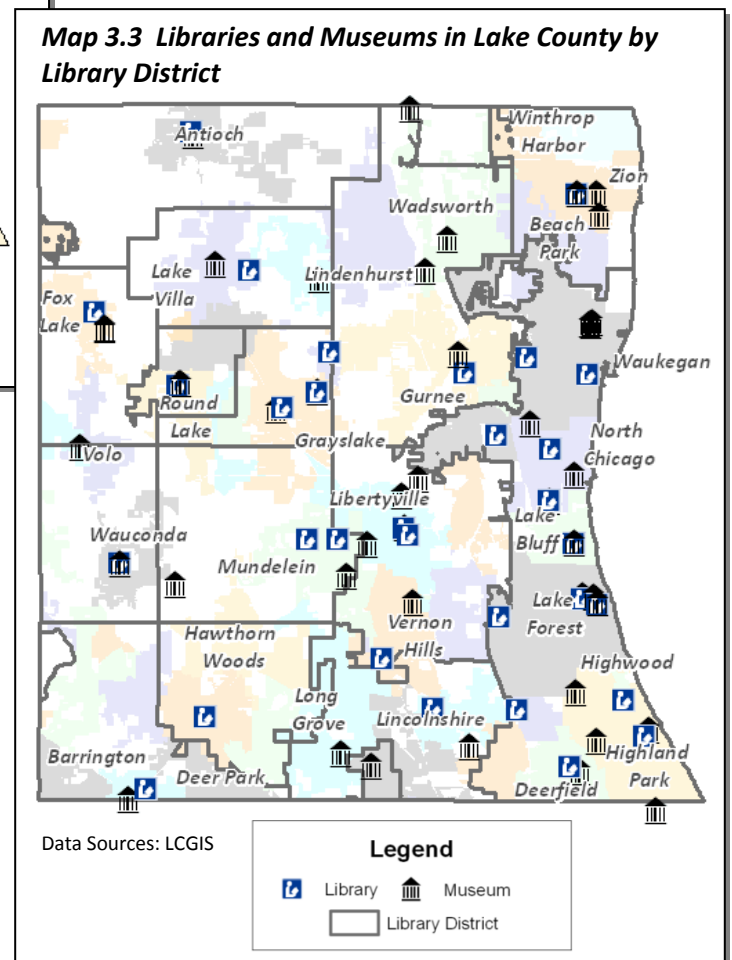

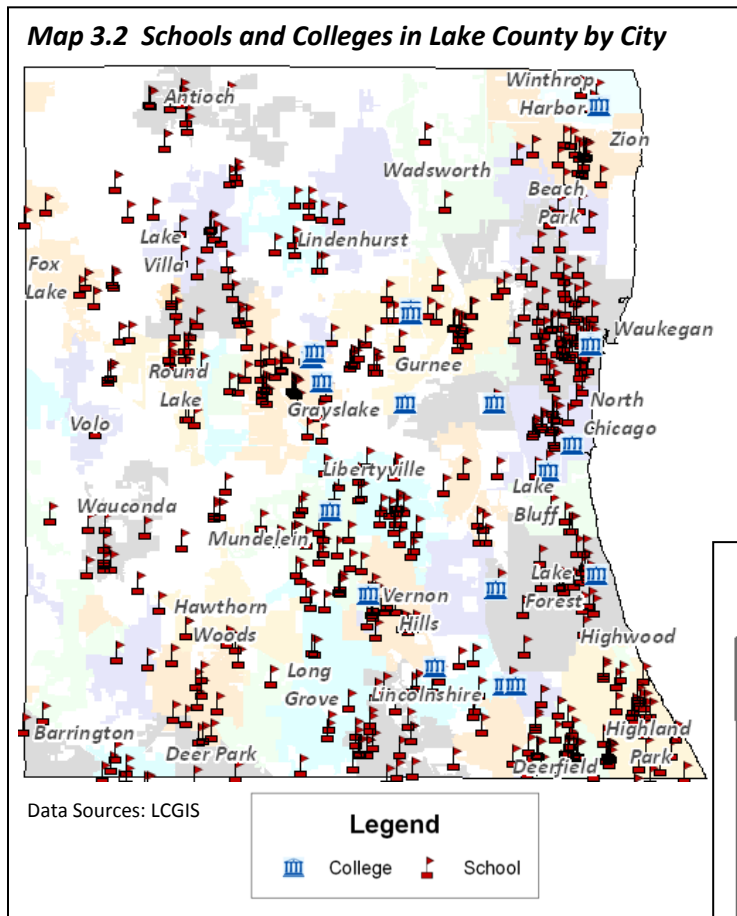

**Map 3.1 Schools and Percent of Population under Age 18 in Lake County by Census Tract in 2010**

Data Sources: LCGIS, 2010 US Census.

Along with the numerous schools, Lake County has 15 colleges with campuses spread over the eastern half of the county ([Appendix 3.2](#), Map 3.2). The Lake County education system is rounded out with 23 public libraries, 8 academic libraries and 44 museums ([Appendix 3.3](#), [Appendix 3.4](#), Map 3.3).

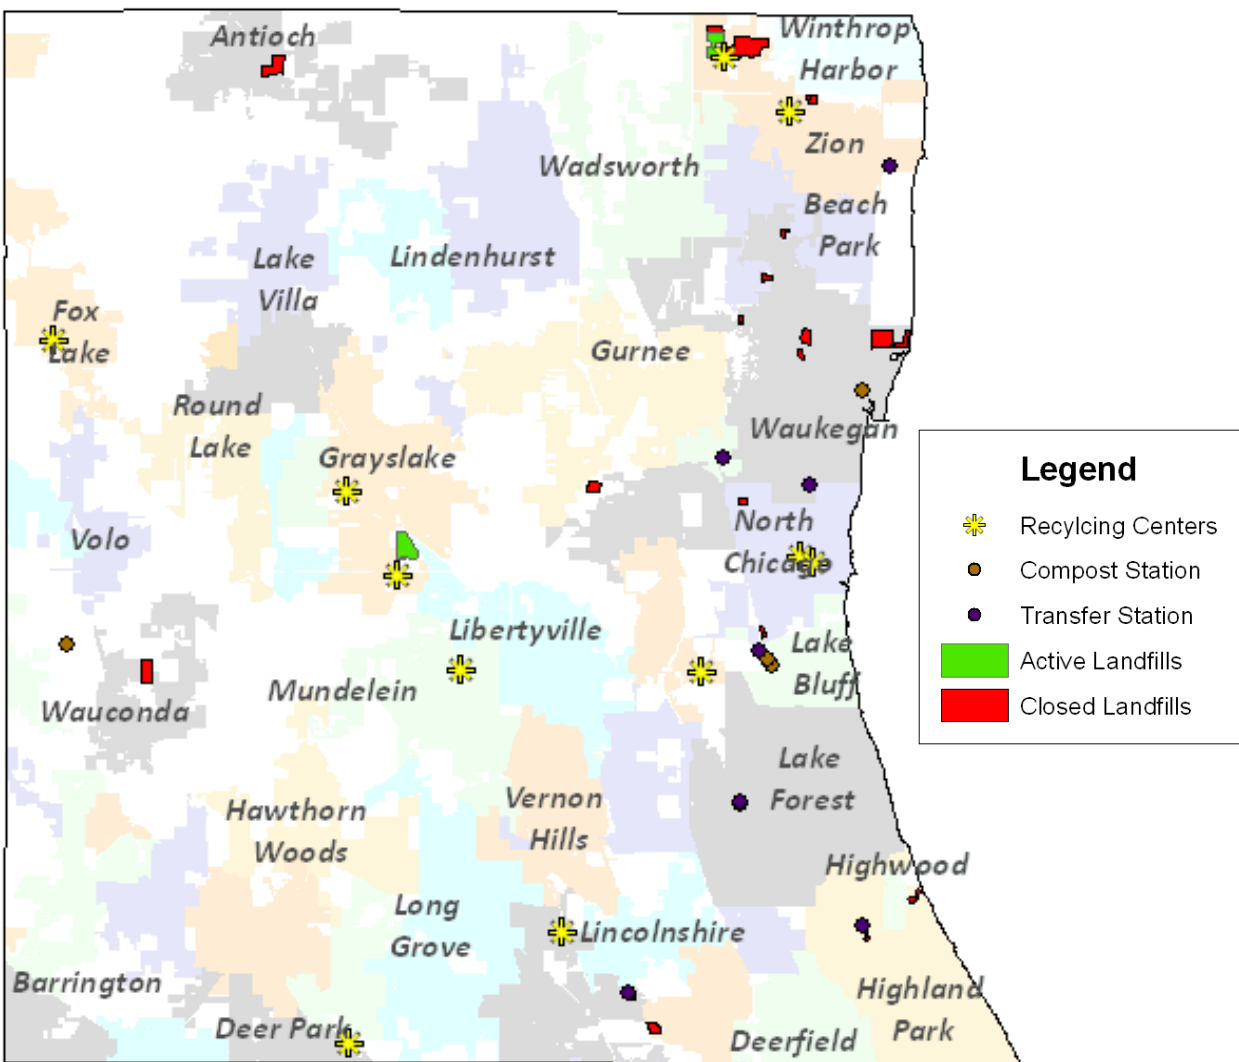

## Environment

### Assets:

- Landfills
- Compost and Transfer Stations
- Recycling Facilities

The locations of landfills, compost & transfer stations and recycling centers (Map 3.4), although crucial to the sanitary workings of a community, can be the cause of much consternation among residents. Compost stations accept yard and landscaping waste for composting purposes and transfer stations are consolidation centers for yard and landscaping waste ([Appendix 3.5](#)). There are 11 recycling centers that help to take waste away from the 2 active landfills in Lake County that currently accept waste; the rest of the landfills in Lake County are closed ([Appendix 3.6](#)). If not properly monitored, covered and inspected, landfills can lead to polluted ground water and polluted air.

**Map 3.4 Active/Closed Landfills and Compost & Transfer Stations and Recycling Centers in Lake County**

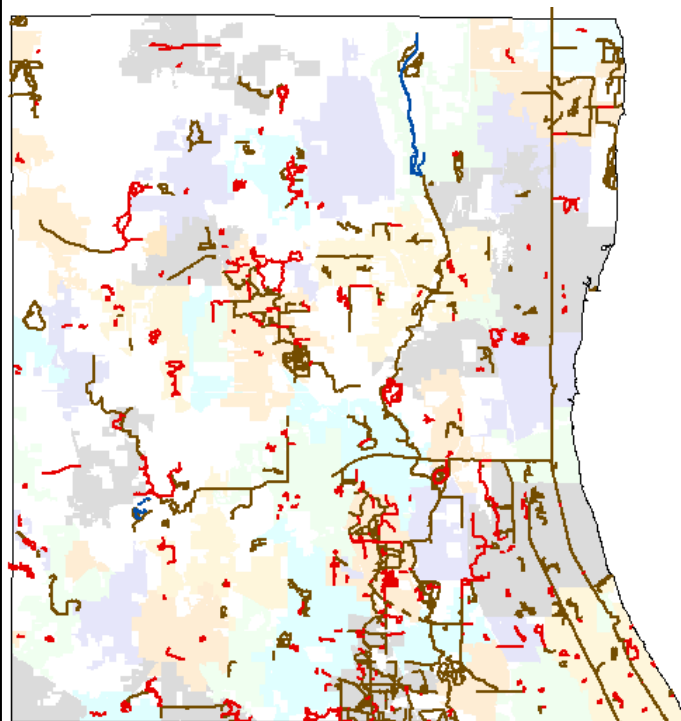

## Fitness

### Assets:

- Parks
- Forest Preserves
- Trails
- Beaches
- Lakes
- Hospital Based Fitness Centers
- YMCAs

In order to get enough exercise, the proper facilities must exist. Residents can go outside to hike along one of the 550 miles of trails in Lake County ([Appendix 3.7](#), Map 3.5). In addition, there are 29,000 acres of forest preserves, and 2,900 acres both local and state parks ([Appendix 3.8](#), Map 3.6)

**Map 3.5 Various Trails by Type in Lake County**

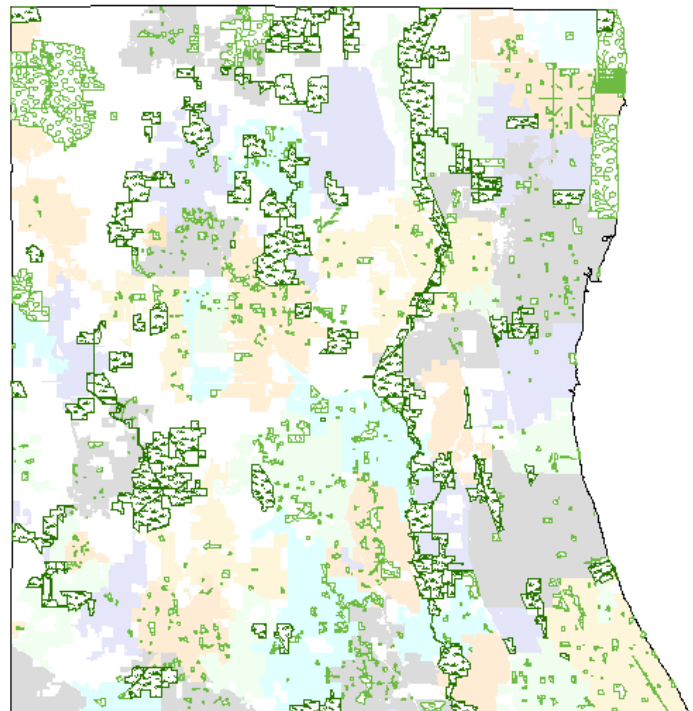

Data Sources: LCGIS

#### Legend

— Bike Trail — Snow Trail — Walking Trail

**Map 3.6 Forest Preserves and Local/State Parks in Lake County**

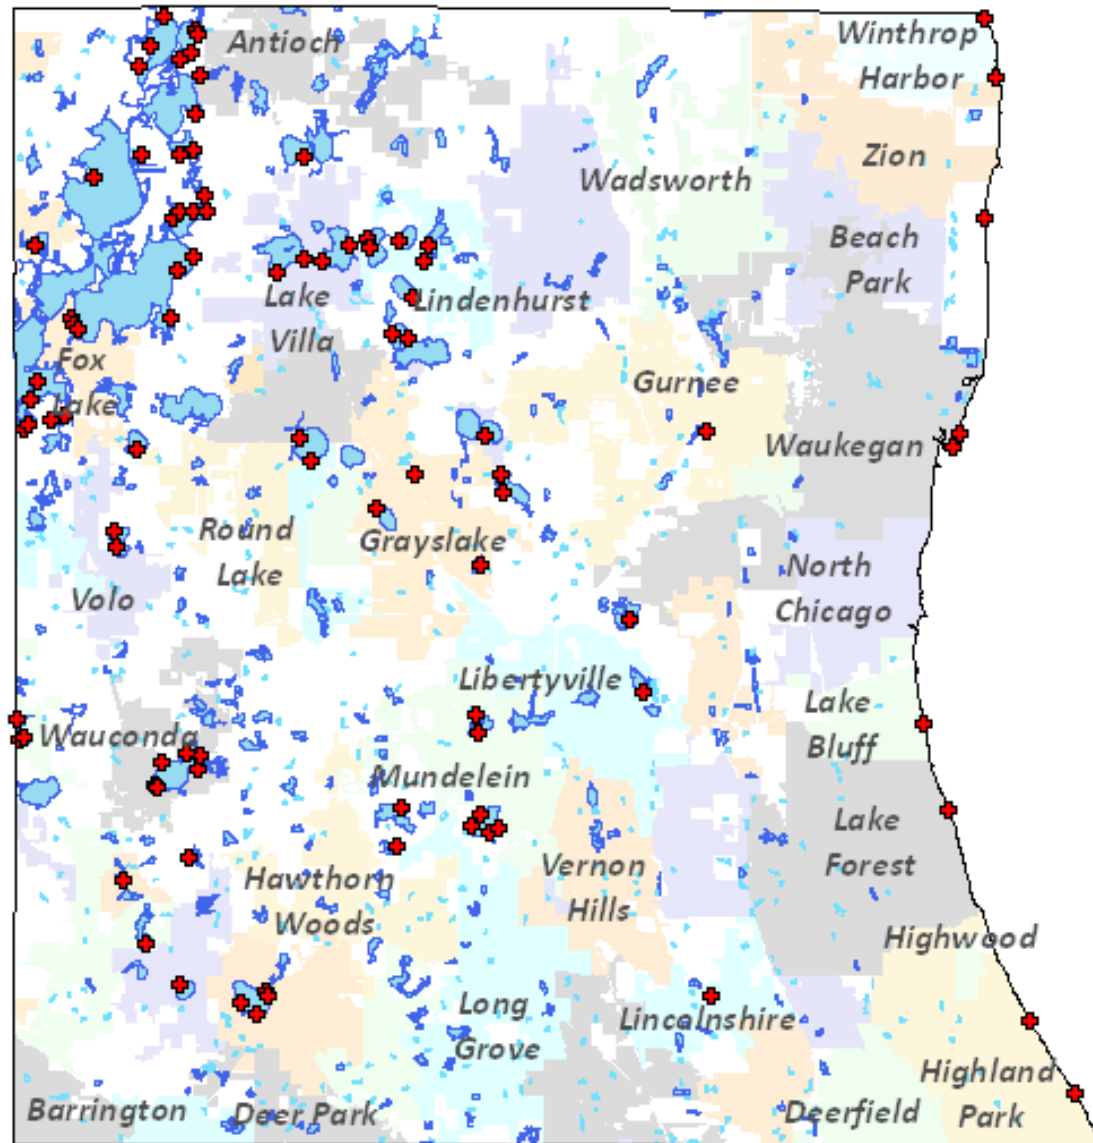

Data Sources: LCGIS

#### Legend

Forest Preserve Local Park

For those who prefer the water to the earth, Lake County is aptly named. There are 265 lakes that have an area larger than 6 acres and 458 ponds that are less than 6 acres ([Appendix 3.9](#)). To go swimming, there are 9 beaches along Lake Michigan and 84 inland beaches, of which 62 are permitted by the state of Illinois ([Appendix 3.10](#), Map 3.7).

**Map 3.7 Lakes, Ponds, and Beaches in Lake County**

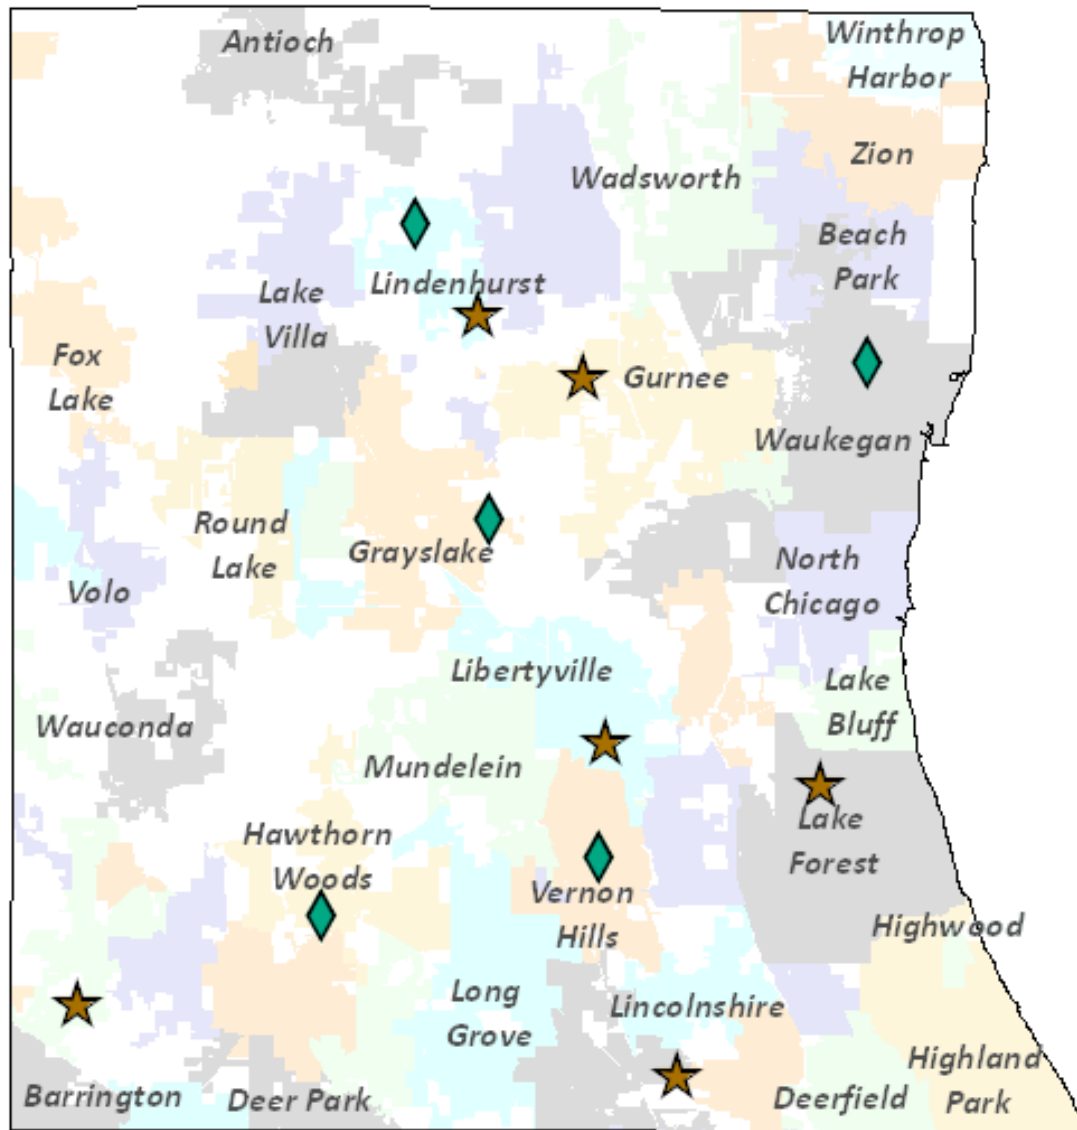

Data Sources: LCGIS

### Legend

- Pond
- Lake
- ★ Beaches

During winter months, outdoor exercise becomes much less accessible. There are 6 hospital based fitness centers located throughout the county, in addition to 5 YMCAs ([Appendix 3.11](#), Map 3.8).

**Map 3.8 Hospital Based Fitness Centers and YMCAs in Lake County**

Data Sources: LCHD

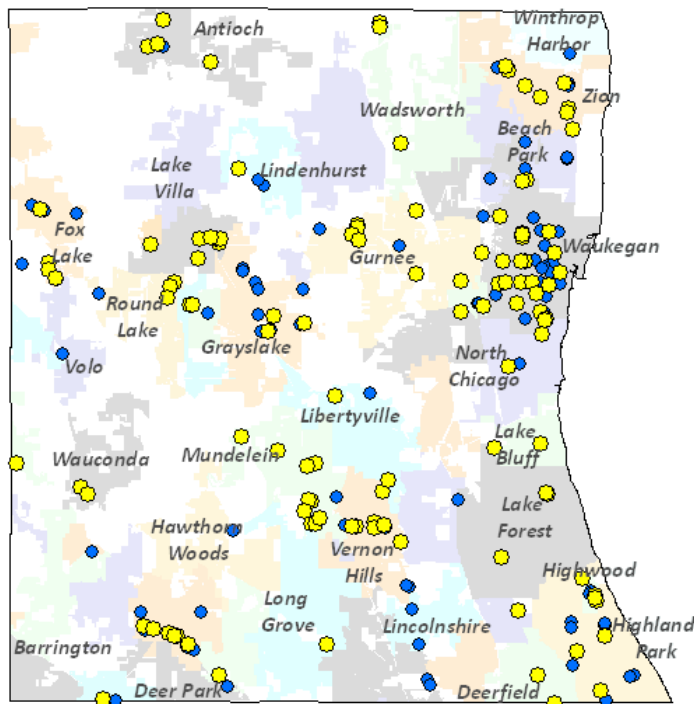

## Food

### Assets:

- Grocery Stores
- Farmer's Markets
- Community Gardens
- Facilities that accept SNAP, LINK and Food Stamps
- Food Pantries
- Soup Kitchens

The quantity and quality of food purchased for a household can depend greatly on access. In Lake County, there are over 110 facilities that could be considered grocery stores (stores that sell an abundant amount of retail food). Including most of the grocery stores, there are over 160 facilities that sell fresh fruits and vegetables ([Appendix 3.12](#), Map 3.9). Recently there has been an increase in the quantity of local farmers markets and community gardens as well as the facilities that accept SNAP, LINK and Food Stamps ([Appendix 3.13](#), Map 3.10).

**Map 3.9 Grocery Stores and Facilities that Sell Fresh Fruits and Vegetables**

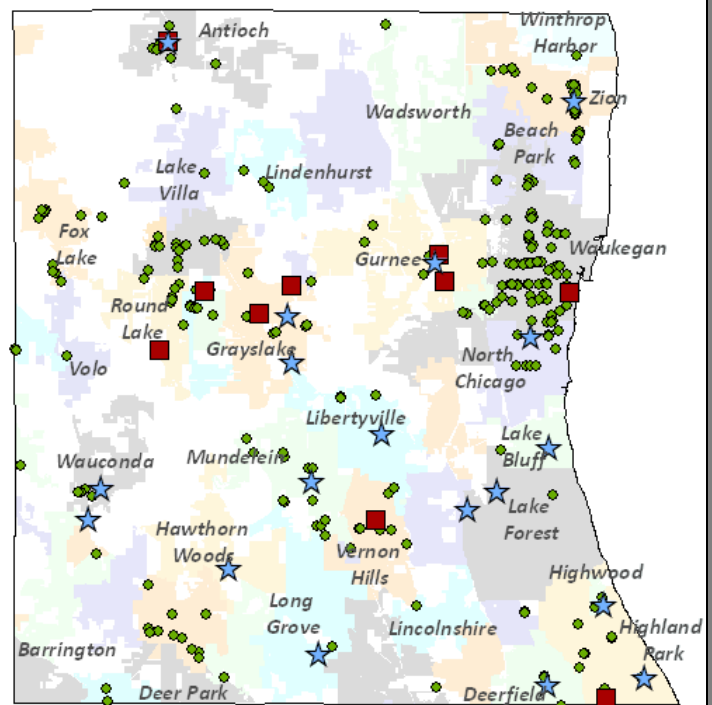

Data Sources: LCHD

### Legend

- Grocery Stores
- Fresh Fruits/Vegetables

**Map 3.10 Farmers Markets, Community Gardens and Facilities that Accept SNAP, LINK and Food Stamps**

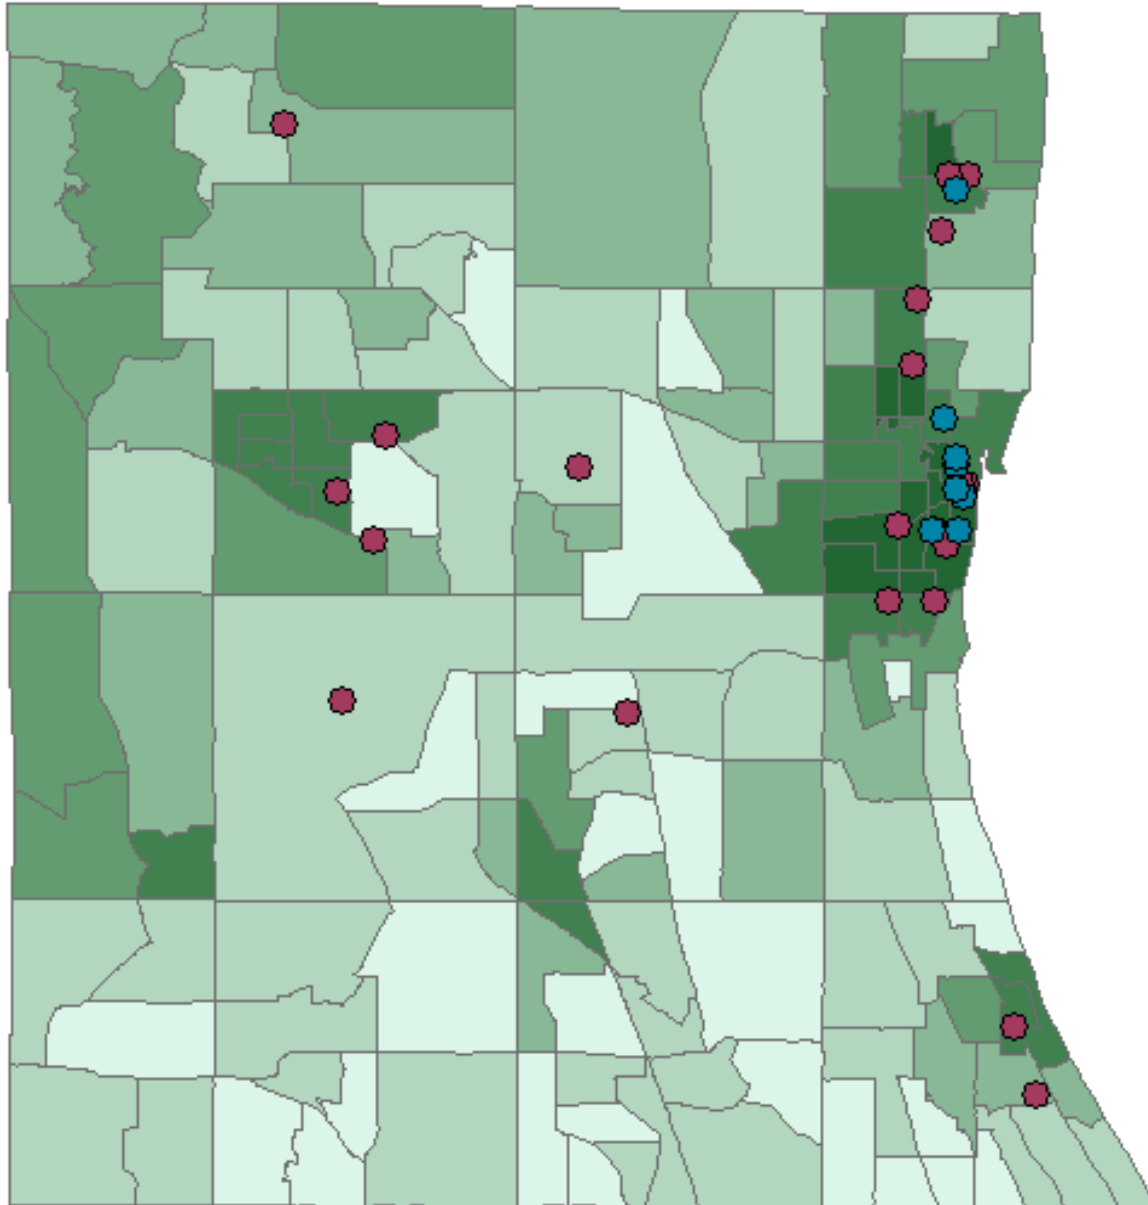

Data Sources: LCHD

### Legend

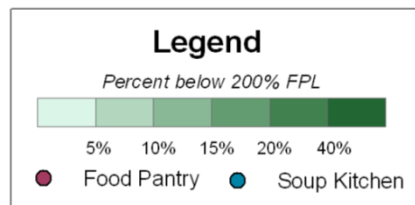

- ★ Farmers Markets
- Community Gardens
- SNAP, LINK, Food Stamps

In Lake County, there are 25 food pantries that distribute donated food. In addition, there are 8 soup kitchens to help those in need ([Appendix 3.14](#)). These facilities are located in the areas of the county where the population is in the most need (Map 3.11)

**Map 3.11 Food Pantries, Soup Kitchens and the Percent of the Population below 200% of the Federal Poverty Level in 2000**

Data Sources: LCHD, 2000 US Census

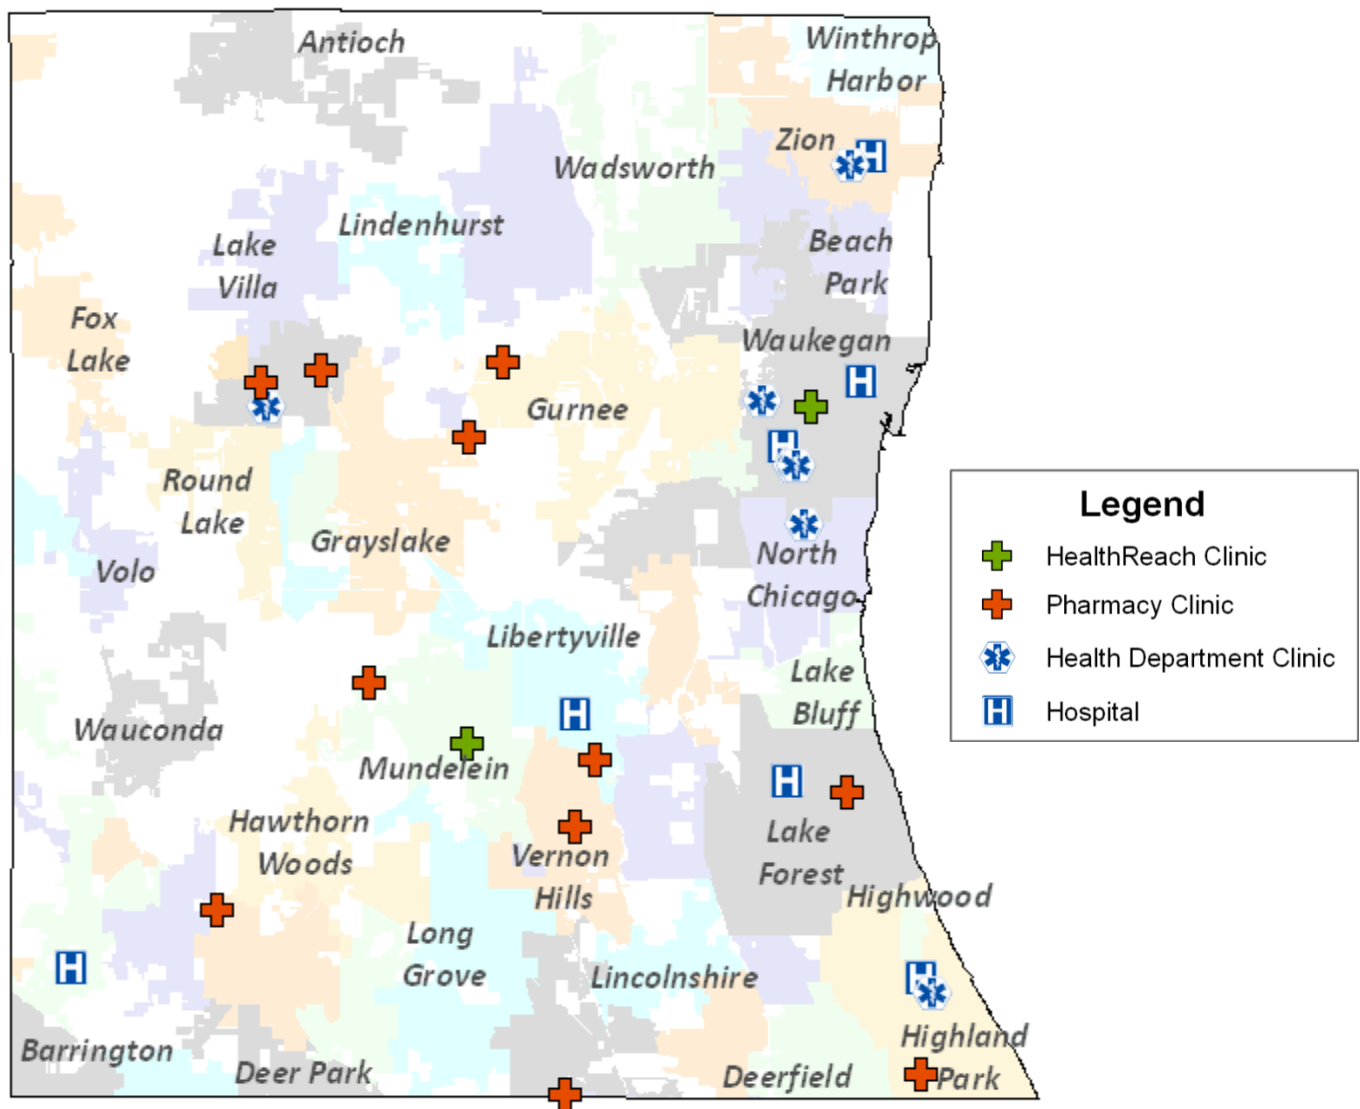

## Healthcare

### Assets:

- Hospitals
- Lake County Health Department Clinics
- Pharmacy Clinics
- HealthReach Clinics
- Pharmacies

Lake County has many different types of healthcare services for its residents. There are 6 hospitals, each with an emergency room and acute care services. For non life threatening needs, there are 9 in-store pharmacy clinics, 8 Lake County Health Department clinics, 3 retail stores with clinics and 2 HealthReach clinics ([Appendix 3.15](#), Map 3.12).

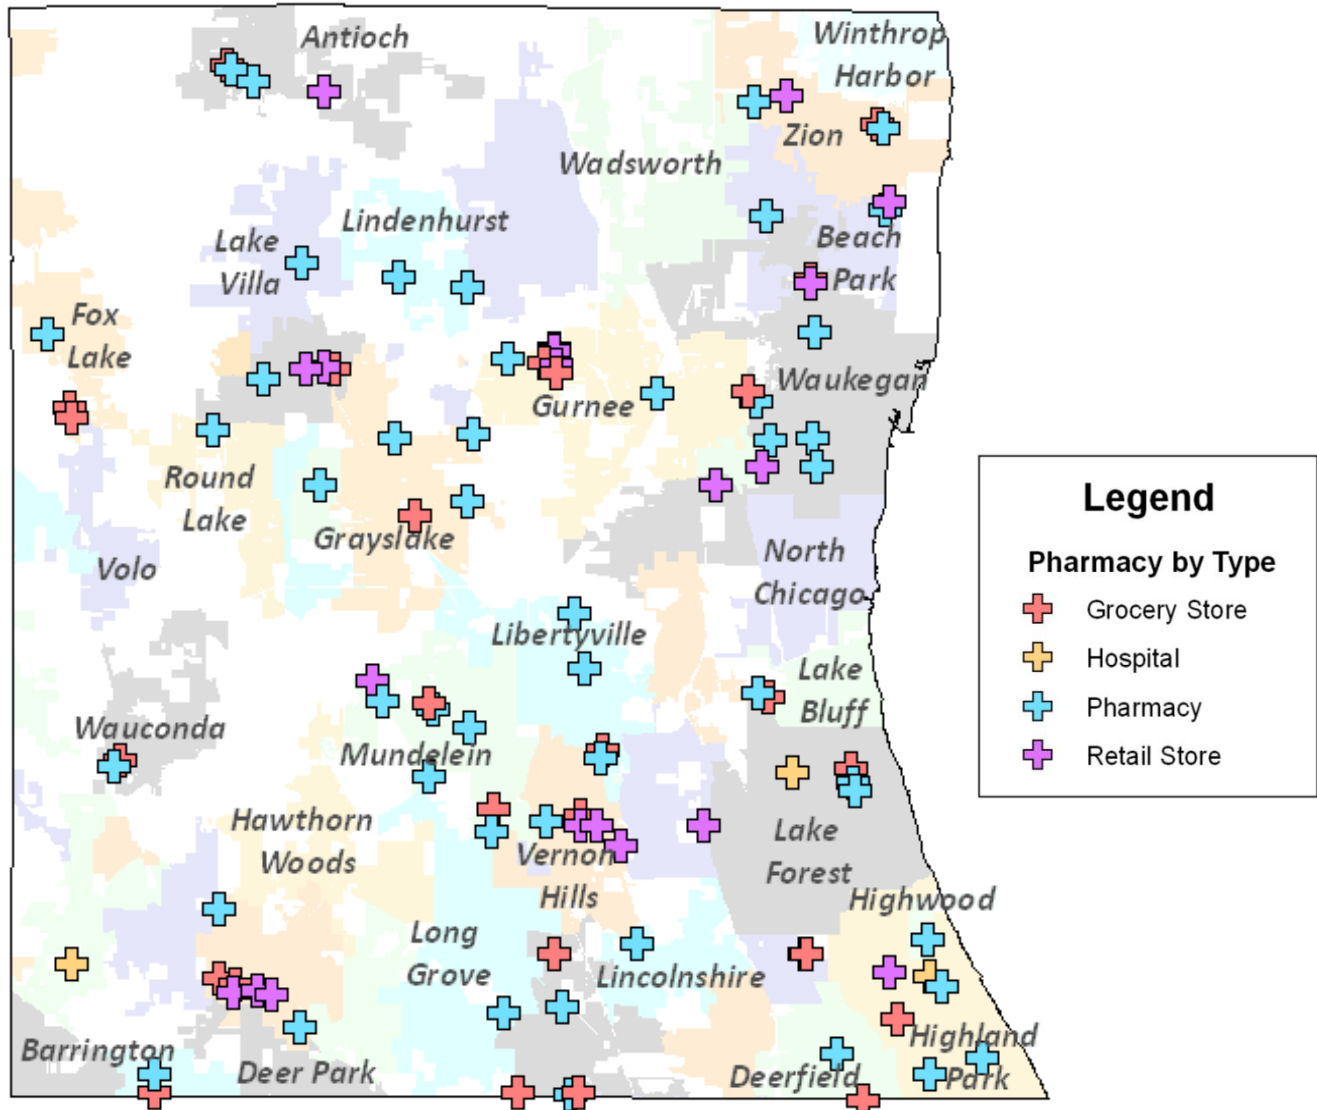

**Map 3.12 Hospitals and Clinics**

Data Sources: LCHD

In addition to the clinics and hospitals, there are 98 pharmacies in Lake County (Map 3.13). These pharmacies are located in grocery stores, hospitals, retail stores that may or may not sell food and pharmacies ([Appendix 3.16](#)).

**Map 3.13 Pharmacies by Type of Establishment**

Data Sources: LCHD

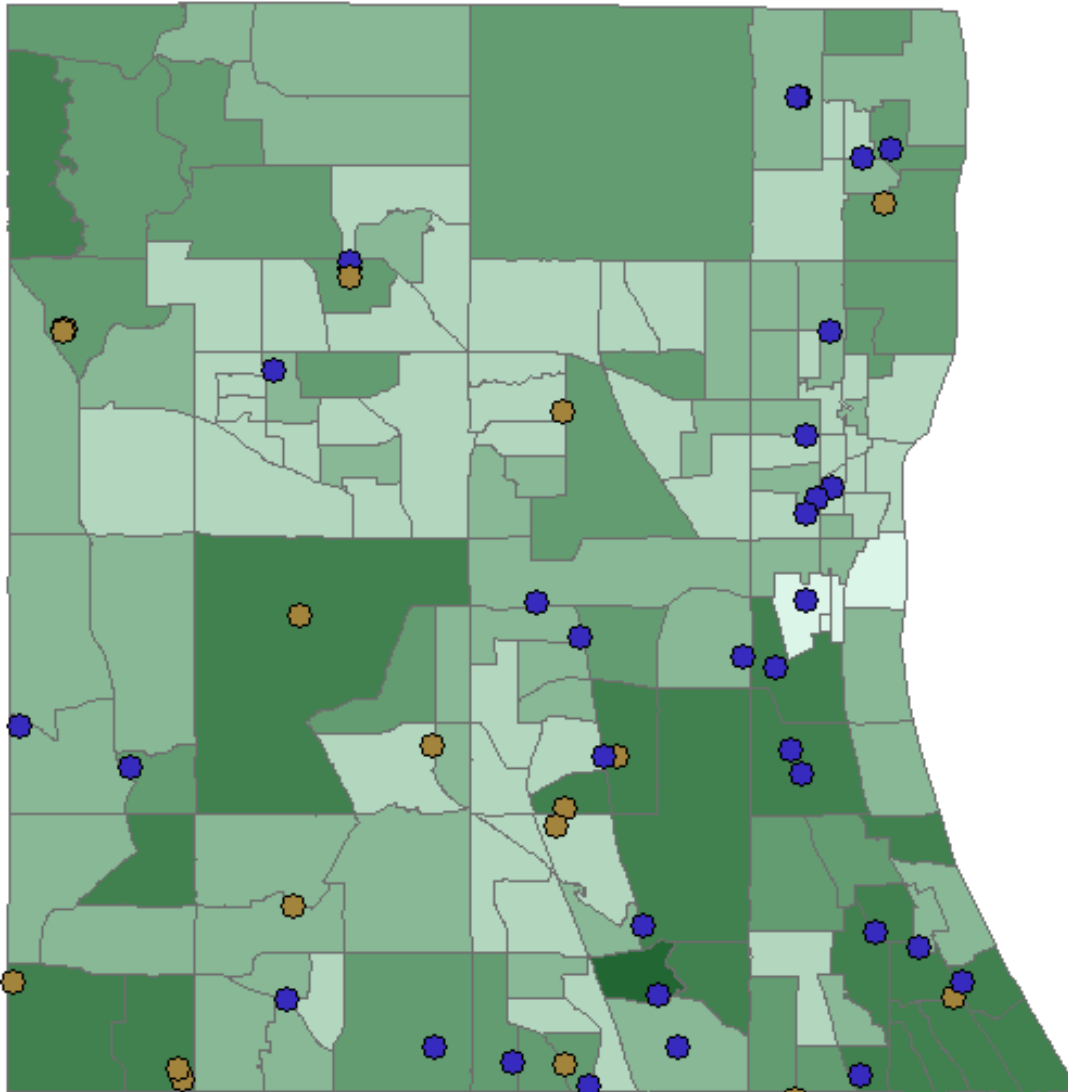

## Senior Services

### Assets

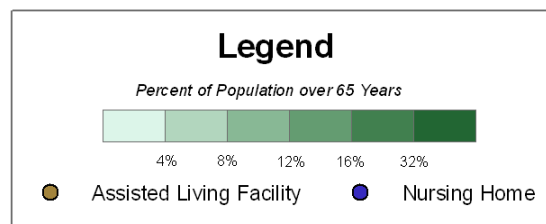

- *Nursing Homes*
- *Assisted Living Facilities*

The median age of the population of Lake County in 2010 was 37.8 years old, up from 35.3 years old in 2000. To accommodate an aging population, Lake County has 18 assisted living facilities and 31 nursing homes ([Appendix 3.17](#), Map 3.14).

**Map 3.14 Assisted Living Facilities and Nursing Homes in Lake County by Percent of Population older than 65 and by Census Tract in 2010**

Data Sources: LCHD, 2010 US Census

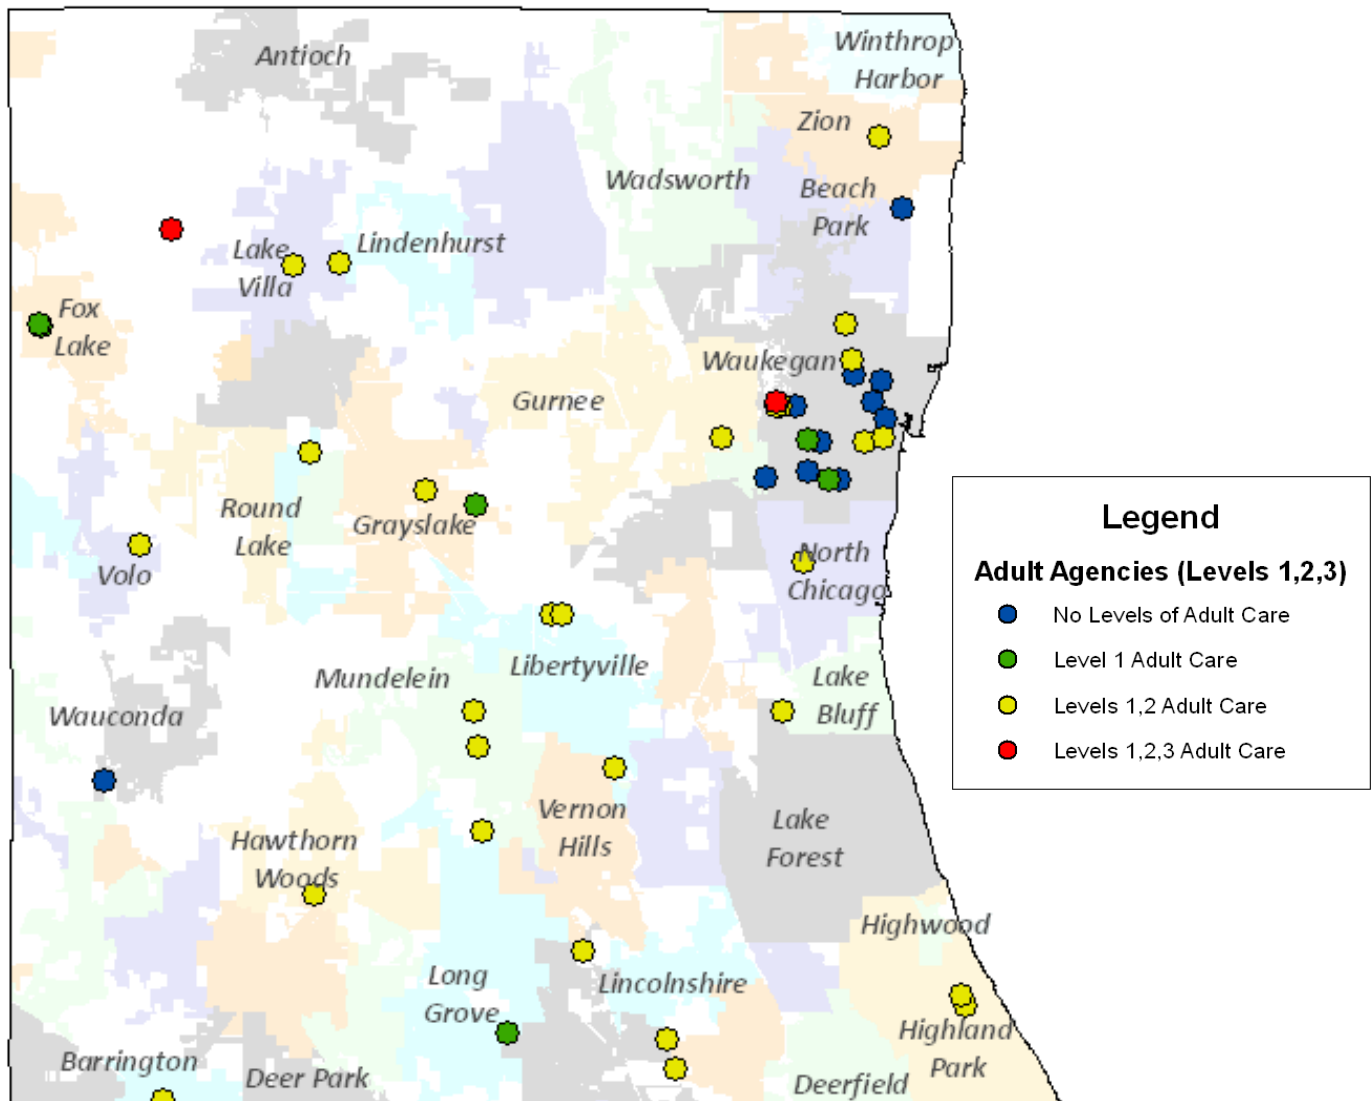

## Social Services

### Assets:

- Mental Health Agencies, Levels 1-3, Adults
- Mental Health Agencies, Levels 1-3, Adolescents

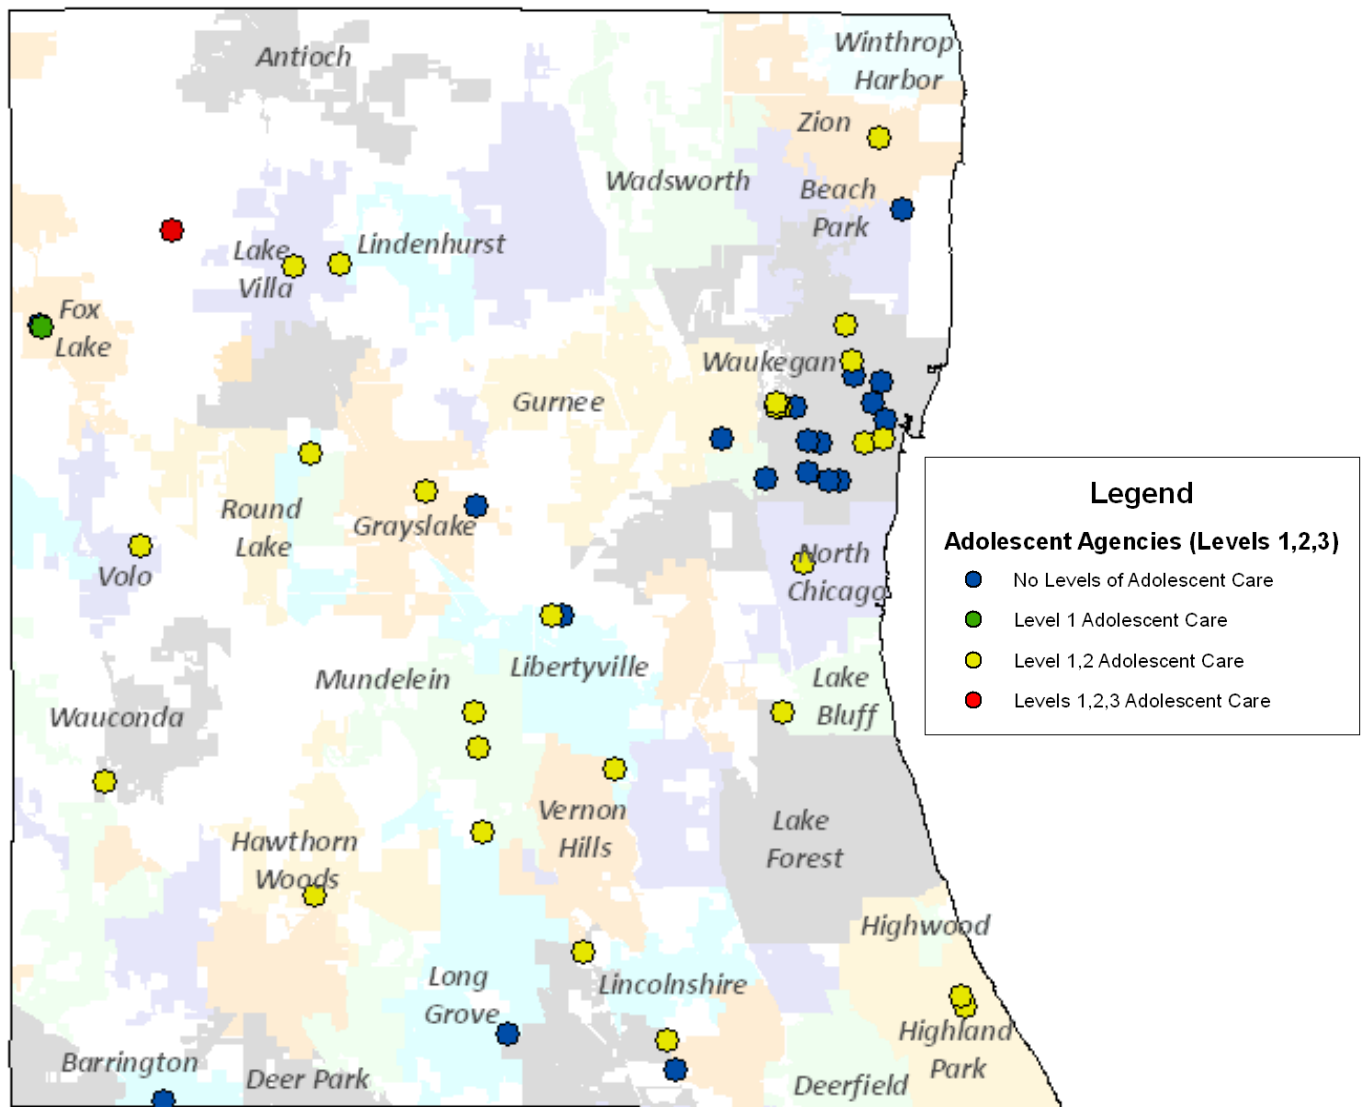

Level 1 is the least invasive mental health agency, similar to an acute care setting. Level 2 is classified as intensive outpatient (IOP) and would involve more significant intervention with a greater frequency and duration than Level 1. Level 3 care is a residential level of intervention. 29 agencies offer Level 1 and Level 2 care for adults, while 27 agencies offer Level 1 and Level 2 care for adolescents ([Appendix 3.18](#), Map 3.15, Map 3.16).

**Map 3.15 Adult Mental Health Agencies by Level of Care Offered**

Data Sources: LCHD

**Map 3.16 Adolescent Mental Health Agencies by Level of Care Offered**

Data Sources: LCHD

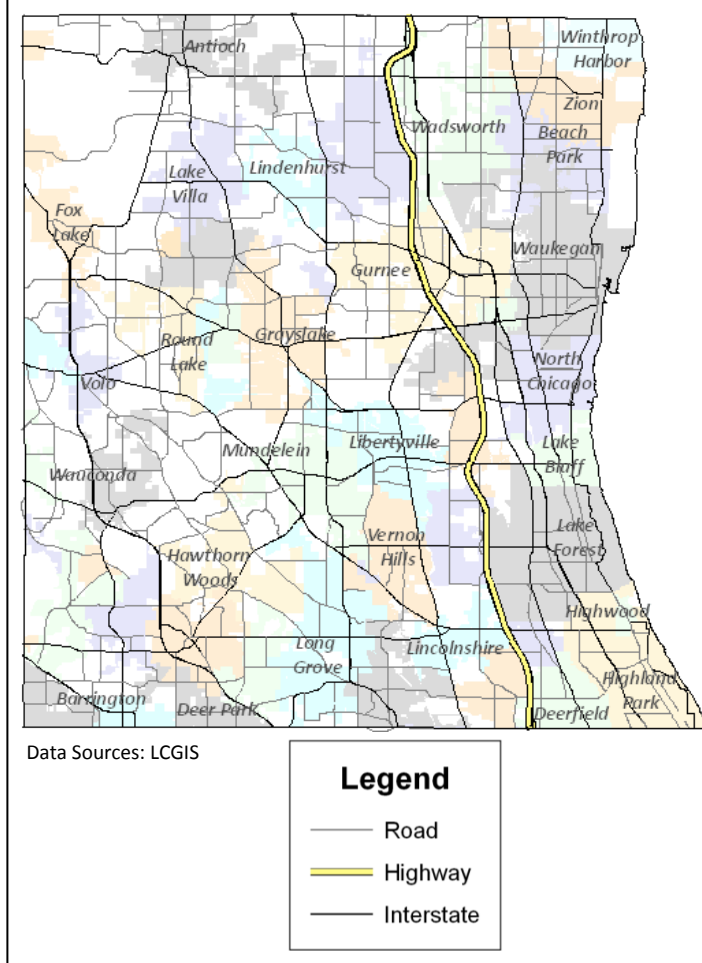

## Transportation

### Assets:

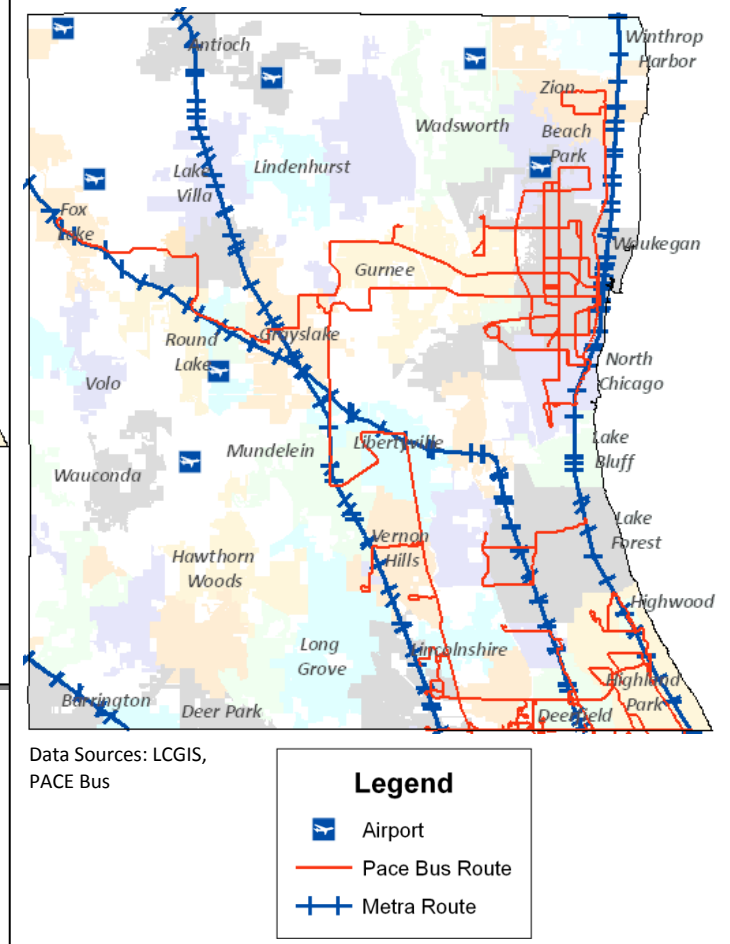

- Highways
- Interstates
- Metra Train Routes
- PACE Bus Routes
- Airports

There are many different ways to travel within and around Lake County. There are miles of local roads, highways and an interstate to aid in travels (Map 3.17). In addition, there are numerous types of public transportation, including 7 airports, 29 Pace Bus routes and 3 Metra train rails that make stops in Lake County ([Appendix 3.19](#), Map 3.18).

**Map 3.17 Roads, Highways and Interstate in Lake County**

**Map 3.18 Airports, Pace Bus Routes and Metra Train Lines in Lake County**

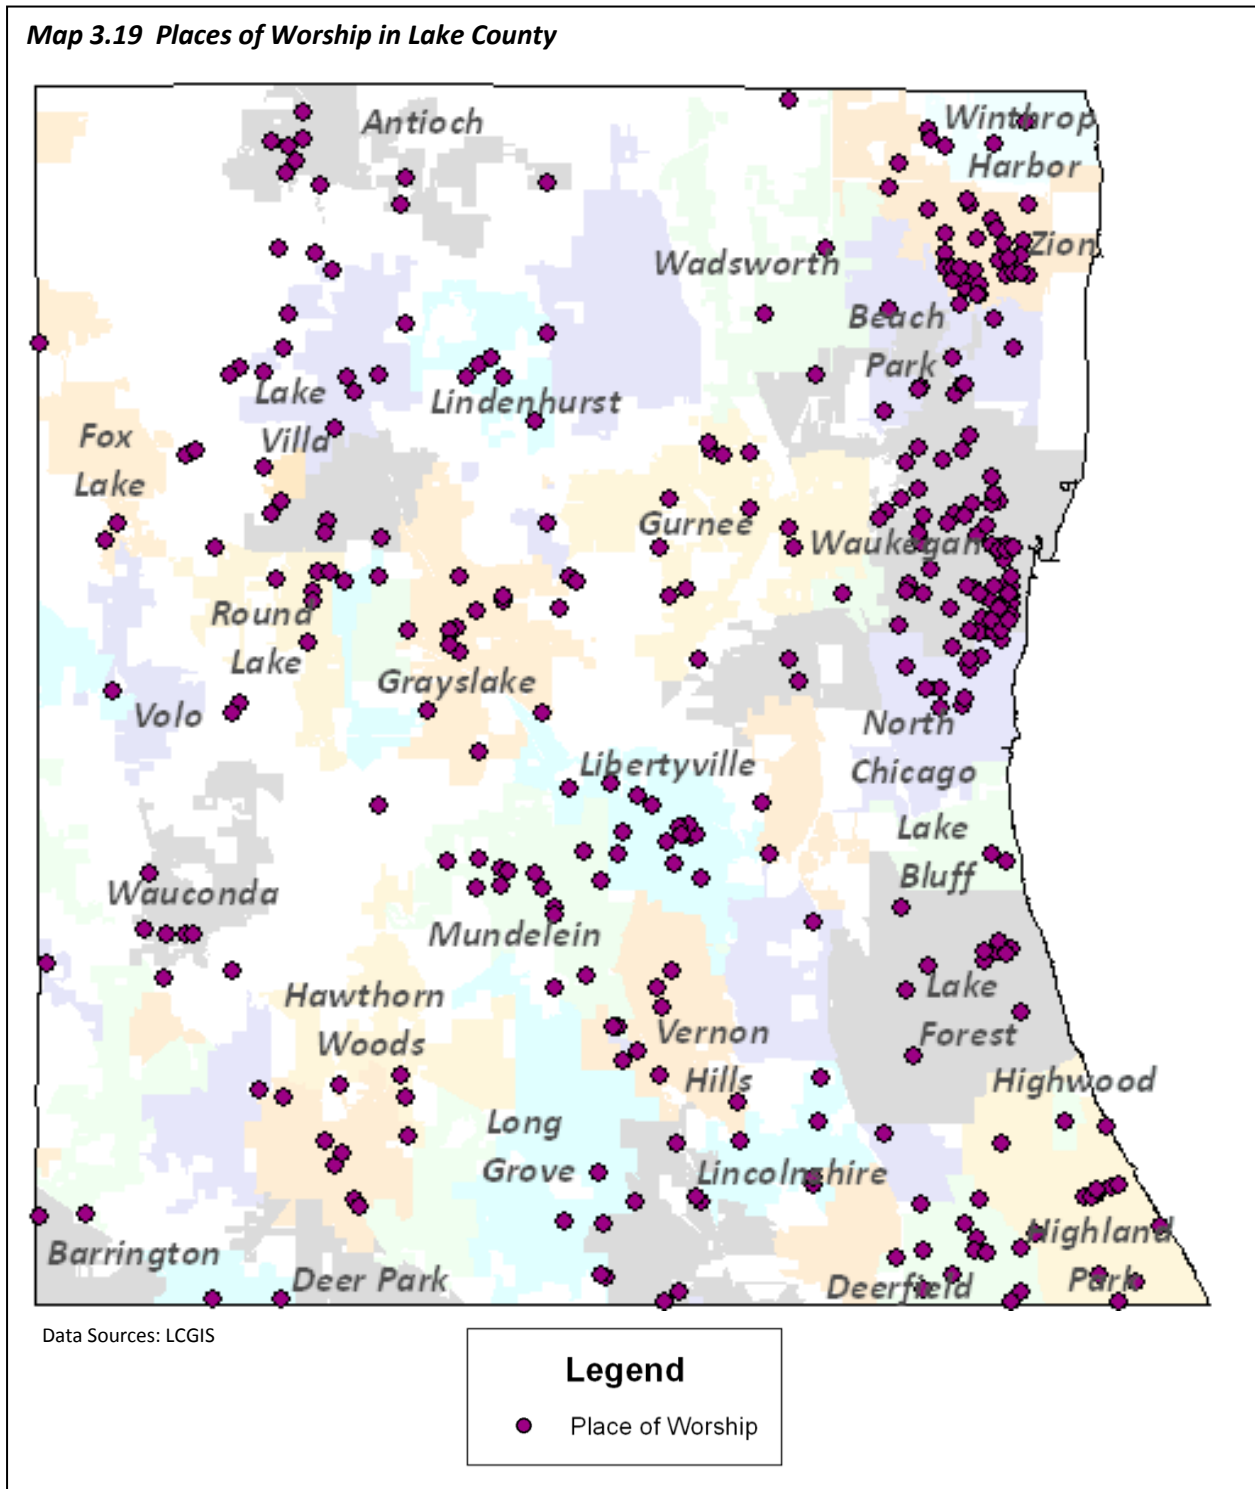

## Places of Worship

**Assets:**

- *Places of Worship*

With over 330 places of worship, there are ample places to pray in Lake County, regardless of religious beliefs ([Appendix 3.20](#), Map 3.19)

## Appendix 1: Lake County Community Survey

Thank you for taking time to complete this Community Survey for Lake County. The purpose of the survey is to gather your opinions about the health and quality of life in Lake County. This information will be used, in part, to develop a plan for the public health system in Lake County.

Your opinion is very important! Please read the questions carefully and answer to the best of your ability. Keep in mind that your responses are anonymous and cannot be associated with you. This survey takes about 10-12 minutes to complete. If you have already completed this survey, thank you. Please do not complete a second.

### Part One: Quality of Life

Part one of the survey asks questions about the “Quality of Life” in your community. When completing this section, please keep in mind that Quality of Life is defined as your personal satisfaction (or dissatisfaction) with the conditions in which you live.

For each question, please mark “X” in the rating box which most closely matches your opinion.

	Excellent	Very Good	Good	Fair	Poor
1. How is the overall quality of life in Lake County? (Consider your sense of safety, well-being, participation in community life and associations, etc.)					
2. How is the overall quality of the environment in Lake County? (Consider indoor/outdoor: land, air and water, etc.)					
3. How is the quality of the health care system in Lake County? (Consider access, cost, availability, options in health care, etc.)					
4. How does Lake County rate as a place to raise children? (Consider school quality, day care, after school programs, recreation, etc.)					
5. How does Lake County rate as a place to grow old? (Consider elder-friendly housing, transportation to medical services, shopping, elder day care, social support for the elderly living alone, meals on wheels, etc.)					
6. How does Lake County rate as a safe community? (Consider residents’ perceptions of safety in the home, schools, the workplace, playgrounds and parks. Do neighbors know and trust each other? Do they look out for each other?)

**8. For each statement, please mark “X” in the rating box which most closely matches your opinion. Keep in mind that your responses are anonymous and cannot be associated with you.**

	Always	Most of the time	Sometimes	Rarely	Never
A. I have enough money to pay for essentials such as food, clothing, housing and medicine.					
B. I have people with whom I can share problems or get help when needed.					
C. In the past year, I was able to get the health services I needed.					
D. There are enough jobs in Lake County.					
E. People work together to get things done for the community.					
F. I have a sense of community pride.					
G. I have a sense of responsibility to help improve the health of my community.					

Comments: \_\_\_\_\_

**9. In your opinion, how important are these factors in a “Healthy Community?”**

	Very Important	Important	Somewhat Important	A Little Important	Not Important
A. Access to food					
B. Access to healthcare (e.g., family doctor)					
C. Access to immunizations					
D. Access to parks and recreation					
E. Affordable housing					
F. Arts and cultural events					
G. Clean environment (e.g., air, land, water)					
H. Family friendly environment					
I. Good jobs and healthy economy					
J. Good schools					
K. Healthy behaviors and lifestyle					
L. Racial/Ethnic diversity					
M. Religious or spiritual values					
N. Safe neighborhoods/low crime					

Other important factors in a “Healthy Community”: \_\_\_\_\_

## Part Two: Community Health

Please provide your opinion on some specific health issues. For each of the following issues, please mark if you think it is not a problem, a minor problem, a moderate problem, or a major problem. Note that you are being asked to rate each issue more than once – for the neighborhood/community you live in and for Lake County as a whole. Keep in mind that your choices are anonymous and cannot be associated with you.

10. Cancer(s)	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

11. Diabetes	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

12. Disabilities (physical, developmental)	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

13. High Blood Pressure/Heart Disease/Stroke	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

14. Respiratory/Lung Diseases (i.e., asthma)	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

15. Drug Abuse	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

16. Underage Drinking	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

17. Excessive Drinking	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

18. Tobacco Use	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

19. Obesity/Being Overweight	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

20. Physical Inactivity	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

21. Domestic Violence	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

22. Youth Violence (i.e., bullying, gangs)	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

23. Other Violence	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

24. Sexually Transmitted Diseases/Infections (i.e., Chlamydia, Gonorrhea, HIV)	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

25. Infectious Diseases (i.e., pink eye, flu, whooping cough)	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

26. Older Adult Issues (i.e., arthritis, chronic pain, fall-related injuries)	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

27. Depression/Anxiety Disorder	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

28. Dementia/Alzheimer's Disease	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

29. Suicide	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

30. Other Mental Health Issues (i.e., schizophrenia, bi-polar disorder)	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

31. If there is an additional health issue that you would like to include, please indicate it in the space below and rate the extent it is a problem as you have for the previous questions. Other: _____	It is not a problem	It is a minor problem	It is a moderate problem	It is a major problem	Don't know/Not Applicable
...in your neighborhood/community					
...in Lake County					

32. Comments: \_\_\_\_\_  
 \_\_\_\_\_

33. How would you rate the overall health of Lake County?

☐ Very Healthy    
 ☐ Somewhat Healthy    
 ☐ Healthy    
 ☐ Unhealthy    
 ☐ Very Unhealthy

34. Where do you get information about health related issues/resources (e.g., water quality, heart disease) in Lake County? Please check all that apply.

### Part Three: General Information

Please read the following questions carefully. Keep in mind that your answers are anonymous and cannot be associated with you.

35. City/Town of residence: \_\_\_\_\_

36. Zip Code: \_\_\_\_\_

☐ 0 - 25    
 ☐ 26 - 39    
 ☐ 40 - 54    
 ☐ 55 - 64    
 ☐ 65 or over

37. Your Age Range:

38. Sex: ☐ Male     ☐ Female

39. Race/ethnicity you most identify with:

☐ African American/Black      ☐ Asian /Pacific Islander      ☐ Hispanic/Latino  
☐ Native American      ☐ White/Caucasian      ☐ Other \_\_\_\_\_

40. How long have you lived in Lake County?      ☐ N/A      ☐ 0 – 5 yrs.      ☐ 6-10 yrs.      ☐ 11-15 yrs.      ☐ 15+ yrs.

41. Marital Status:

☐ Single      ☐ Married/Civil Union  
☐ Separated/Divorced      ☐ Widow/er

42. Education:

☐ Less than high school      ☐ High school diploma or GED      ☐ Some college  
☐ College degree or higher      ☐ Other \_\_\_\_\_

43. Annual household income:

☐ Less than \$10,000      ☐ \$10,000 to \$14,999      ☐ \$15,000 to \$24,999      ☐ \$25,000 to \$34,999  
☐ \$35,000 to \$49,999      ☐ \$50,000 to \$74,999      ☐ \$75,000 to \$99,999      ☐ \$100,000 to \$149,999  
☐ \$150,000 to \$199,999      ☐ \$200,000 or more      ☐ Not sure      ☐ Prefer not to answer

44. How do you pay for your health care? (Check all that apply)

☐ Pay cash (no insurance)      ☐ Health insurance (through employer)      ☐ Health insurance (self pay)  
☐ Medicaid      ☐ Medicare      ☐ Veterans' Administration  
☐ Other \_\_\_\_\_

45. Where/How did you receive this survey? (Check all that apply)

☐ Community meeting      ☐ Faith organization      ☐ Personal contact  
☐ Community group/coalition      ☐ Newsletter      ☐ Website  
☐ E-mail      ☐ Newspaper      ☐ Workplace  
☐ Other \_\_\_\_\_

**Appendix 2: KEY INFORMANT INTERVIEW  
Community Themes & Strengths Assessment  
Lake County MAPP**

Interviewer's Initials: \_\_\_\_\_

Date: \_\_\_\_\_ Start time: \_\_\_\_\_ End time: \_\_\_\_\_

Name: \_\_\_\_\_ Title: \_\_\_\_\_

Agency/Organization: \_\_\_\_\_

# of years living in Lake County: \_\_\_\_\_ # of years in current position: \_\_\_\_\_

**Introduction:**

Good morning/afternoon. I'm **(Introduce self)**. Thank you for taking time out of your busy day to speak with me. I'll try to keep our time to 45 minutes, but we may find that we run over – up to 60 minutes total - once we get into the interview. **(Check to see if this is okay)**

The Lake County Health Department is gathering local data as part of developing a plan to improve health and quality of life in Lake County. Community input is essential to this process. Surveys and key informant interviews are being used to engage community members.

You have been selected for a key informant interview because of your knowledge, insight and familiarity with the community. The themes that emerge from these interviews will be summarized and made available to the public; however, individual interviews will be kept strictly confidential.

**(OPTIONAL) To get us started, can you tell me briefly about the work that you and your organization do in the community?**

Thank you. Next I'll be asking you a series of questions about health and quality of life in Lake County. As you consider these questions, keep in mind the broad definition of health adopted by the World Health Organization: 'Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity,' while sharing the local perspectives you have from your current position and from experiences in this community.

**Questions:**

1. In general, how would you rate health and quality of life in Lake County?
2. In your opinion, has health and quality of life in Lake County improved, stayed the same, or declined over the past few years?
3. Why do you think it has (based on answer from previous question: improved, declined, or stayed the same)?
4. What other factors have contributed to the (based on answer to question 2: improvement, decline or to health and quality of life staying the same)?
5. Are there people or groups of people in Lake County whose health or quality of life may not be as good as others?
  - a. Who are these persons or groups (whose health or quality of life is not as good as others)?
  - b. Why do you think their health/quality of life is not as good as others?

6. What barriers, if any, exist to improving health and quality of life in Lake County?
7. In your opinion, what are the most critical health and quality of life issues in Lake County?
8. What needs to be done to address these issues?  
Possible probe: What specific actions, policy or funding priorities would you support because they would contribute to a healthier Lake County?
9. In your opinion, what else will improve health and quality of life in Lake County?

**Close:**

Thank you so much for sharing your concerns and perspectives on these issues. The information you have provided will contribute to develop a better understanding about factors impacting health and quality of life in Lake County. Before we conclude the interview,

**Is there anything you would like to add?**

As a reminder, summary results will be made available by the MAPP Steering Committee and used to develop a community-wide health improvement plan. Should you have any questions, please feel free to contact Kris Andersen, Kim Zambole, or Liz Nelson at the Lake County Health Department (phone numbers removed for report copy).

Thanks again for your time. It's been a pleasure to meet you!

## Appendix 3: Additional Asset Mapping Data

### Appendix 3.1 List of Public Schools in Lake County

SCHOOL NAME	CITY	SCHOOL TYPE
Antioch Elementary School	Antioch	Elementary School

### Appendix 3.6 List of Active and Closed Landfills

LANDFILL NAME	CITY	STATUS	YEARS OF OPERATION
Countryside	Grayslake	Active	Operating
North Shore Sanitary District	Zion	Active	Operating
Antioch HOD	Antioch	Closed	1963-1983
Land & Lakes #5	Buffalo Grove	Closed	1981-1992
Fort Sheridan #6	Fort Sheridan	Closed	mid1960s
Fort Sheridan #7	Fort Sheridan	Closed	1940s-1979
Lake County Grading	Gurnee	Closed	1970-1998
Highland Park	Highland Park	Closed	1963-1970
Great Lakes Supply Side	North Chicago	Closed	1960-1986
North Chicago BFI	North Chicago	Closed	1971-1976
Riverwoods Engineering	Riverwoods	Closed	1965-1976
Wauconda Sand and Gravel	Wauconda	Closed	1963-1978
Johns Mansville	Waukegan	Closed	1922-1987
Johns Mansville	Waukegan	Closed	1922-1999
Waukegan #1 (Yorkhouse)	Waukegan	Closed	1970-1973
Waukegan #2 (Adelphi)	Waukegan	Closed	1972-1974
Waukegan Edwards Field	Waukegan	Closed	pre1970-1974
Waukegan Englehart	Waukegan	Closed	1972-1978
Yeoman Creek	Waukegan	Closed	1959-1970
BFI #1	Zion	Closed	1975-1997
Mineral Solutions (American Fly Ash)	Zion	Closed	1977-1998
Zion #1	Zion	Closed	1969-1974
Zion #2	Zion	Closed	1976-1989

### Appendix 3.7 Trails in Lake County, by Type

TRAIL NAME	BIKE	SNOW	WALKING
Everett Road Bike Path	X	X	X
Ninth Street Bike Lane		X	X
Antioch High School Path	X		X
Chase Trail	X		X
Deerpath Fitness Trail	X		X
Duffy Lane Bridge	X		X
Equestrian Trail	X		X
Liberty Prairie Reserve Trail	X		X
Lincoln Park Path	X		X
Mallard Park Trail	X		X
Orchard View Park	X		X
Sleepy Hollow	X		X
Wood Lake Trail	X		X
Aptakisic Park Path			X
Marimac Park Trail			X
Memorial Park Trail			X
Round Lake Bike Paths			X
Sommerset Detention Path			X
United States Highway 41 Overpass			X
Bonner Road Bike Lane	X	X	X
Stearns School Bike Path	X	X	X
Chevy Chase Bike Path		X	X
Hook Drive Bike Lane		X	X
Long Grove Road Bike Lane		X	X
Cambridge Country Park	X		X
Cardinal Terrace Park	X		X
Depot Street Bike Lane	X		X
Lindenhurst Park Trail	X		X
Hinkston Park Trail			X
Ela Road Bike Lane		X	X
Woodlawn Meadows School Trail	X		X
Antioch Bike Path	X		X
Crossings Pond Trail	X		X
Duffy Lane Bike Path	X		X
Moraine Park Beach Trail	X		X
North Park	X		X
River Oaks	X		X
Round Lake Park District	X		X
Rowsewood Park Paths	X		X
Stevenson High School Path	X		X

TRAIL NAME	BIKE	SNOW	WALKING
Gurnee Mills Bike Path			X
Henry Pfau Callahan Park Trail			X
Jordan Park Path			X
Liberty Lakes Bike Path			X
Liberty Lakes Trail			X
Midlothian			X
Round Lake Bike Trails			X
Spring Lake Park Path			X
Clearview Park Paths	X		X
Fox Chase Path	X		X
Lake Zurich Bike Paths	X		X
Larry Fink Park Trail	X		X
Long Grove Bike Paths	X		X
Prairie Wolf Forest Preserve Trail	X		X
Southridge Park Path	X		X
Wadsworth Park Trail	X		X

Yeoman Park Path	X		X
Adler Park Trail			X
Children's Park Path			X
Country Trails Path			X
Deerfield Bike Path			X
Twin Creeks Path			X
21st Street Bike Path		X	X
Berkeley Prairie Trail	X		X
Buffalo Creek Park Path	X		X
Gurnee Paths	X		X
Lake Forest High School Path	X		X
West Skokie River Trail	X		X
Winthrop Harbor Path	X		X
Busch Grove Park Path			X
Churchill Park Trail			X
Grant Grove HOA			X
Hastings Lake			X
Highland Point Park Path			X
Lake Carina			X
Parkchester Park Path			X
The Ponds of Kildeer Sub Path			X
Oak Springs Trail	X		X
Green Lake Park Path	X		X
Larry Fink Memorial	X		X
Barrington Bike Trail	X		X

TRAIL NAME	BIKE	SNOW	WALKING
Everett Farm Path	X		X
Gregg's Landing Trail	X		X
Mooney Park Trail	X		X
West Ridge Park Path	X		X
Pembrook Woods Park Trail	X		X
Hainesville Bike Path	X		X
Lake Forest Hospital Trail	X		X
Leo Leathers Park Trail	X		X
St.Mary's Road Paths	X		X
Wilderness Park	X		X
Buffalo Run Trail	X	X	X
Longmeadow Park	X		X
Bevier Park Trail			X
Peterson Park Path			X
Everett Park Path	X		X
Grant Woods			X
Sleepy Hollow Park Path		X	X
Hunt Club Park Path			X
Libertyville Township Trail	X		X
Bonner Farm	X		X
Atkinson Road Path	X		X
Grassy Lake	X		X
Hanrahan Park Paths	X		X
Middlefork Farm Path	X		X
Waukegan Municipal Beach Trail			X
College of Lake County Path	X		X
Mellody Farm Preserve Trail	X		X
Asbury Park	X		X
Derwen Mawr Nature Preserve Trail	X		X
Grosse Pointe Park Trail	X		X
Northcroft Park Path	X		X
O'Plaine Park Path			X
Ravinia Park Trail			X
South Ridge Subdivision Path			X
Washington Street Bike Path	X	X	X
Skokie Valley Bike Path		X	X
Bannockburn Trail	X		X
Lyons Loop	X		X
Chain O' Lakes Bike Path			X
Fort Hill Trail	X		X
West Millennium Trail	X		X
Nippersink Forest Preserve Trail	X		X

TRAIL NAME	BIKE	SNOW	WALKING
Middlefork Savanna Forest Preserve Trail	X		X
Park in the Glen Trail	X		X
Lake County Health Department Trail			X
Prairie Walk Subdivision Trail	X	X	X
Almond Road Bike Path		X	X
Gander Mountain Forest Preserve Trail	X		X
Volo Bog State Natural Area Trail	X		X
Liberty Lakes Bike Paths			X
Wellington Commons Path			X
Fox River Preserve	X		X
Bridlewoods Park Trail	X		X
Sun Lake			X
Florsheim Nature	X		X
Country Lane Park Trail	X		X
Lyons Woods Trail	X		X
Deerfield Road Path			X
McDonald Woods Trail	X		X
Warren Township Trail	X		X
Fort Sheridan Forest Preserve			X
Heller Nature Center Trail	X		X
Round Lake Beach Paths	X		X
Libertyville Bike Path	X		X
Heron Creek			X
Lincolnshire Bike Path	X	X	X
Lake Forest Bike Path		X	X
Viking Park Path	X		X
Rollins Savanna	X		X
Buffalo Creek Forest Preserve Trail	X		X
Cuba Marsh Forest Preserve Trail	X	X	X
Indian Creek Club Path		X	X
Half Day Forest Preserve Trail	X		X
Belvidere Recreation Center Trail			X
Old School Forest Preserve Trail	X		X
Heritage Trails Paths	X	X	X

Buffalo Grove Bike Path	X	X	X

### Appendix 3.8 List of Forest Preserves, with Acreage

FOREST PRESERVE NAME	ACREAGE
Adlai Stevenson Historic	38.11
Almond Marsh	368.15
Atkinson	76.77
Bannockburn	77.28
Berkeley Prairie	18.66
Black Crown	132.62
Bluebird Meadow	153.3
Bonner Heritage Farm	7.98
Brae Loch Golf Club	153.99
Buffalo Creek	396.65
Countryside Golf Club	494.74
Cuba Marsh	775.65
Duck Farm	351.01
Dutch Gap	785.75
Egret Marsh	119.31
Ethel's Woods	477.01
Fort Sheridan	257.06
Fourth Lake	620.59
Fox River	624.45
Gander Mountain	293.32
Grainger Woods	308.45
Grant Woods	1116.03
Grassy Lake	688.96
Greenbelt	585.47
Gurnee Woods	404.33
Half Day	228.47
Hastings Lake	267.36
Headquarters	6.59
Heron Creek	237.49
Independence Grove	1123.68
Kestrel Ridge	101.13
Kettle Grove	247.7
Lake Bluff	85.65
Lake Carina	51.29
Lakewood	2744.57
Lyons Woods	266.75
MacArthur Woods	495.25
Marl Flat	220.01
McDonald Woods	297.87
Middlefork Savanna	629.16

FOREST PRESERVE NAME	ACREAGE
Mill Creek	276.34
Mill Creek Wetlands	791.19
Nippersink Preserve	312.85
Oak Hickory	224.03
Oak Spring Canoe Launch	17.24
Old School	537.55
Pine Dunes	433.02
Prairie Stream	331.21
Prairie Wolf	429.38
Raven Glen	535.9
Ray Lake	550.31
Red Wing Marsh	37.11
Rollins Savanna	1255.61
Route 60 Canoe Launch	12.16
Ryerson Conservation Area	778.59
Sequoit Creek	133.98
Singing Hills	723.8
Spring Bluff	229.64
Sun Lake	627.46
Tanager Kames	131.64
Thunderhawk Golf Club	240.91
Van Patten Canoe Launch	7.18
Van Patten Woods	962.37
Wadsworth Prairie	1211
Wadsworth Rd Canoe Launch	1.92
Waukegan Savanna	772.46
Wilmot Woods	226.45
Wright Woods	690.87

### Appendix 3.9 List of Lakes, with Acreage

LAKE NAME	ACRES
Abbott Laboratories - Lake Bluff Pond 10	8.9
Abbott Laboratories - Lake Bluff Pond 12	11.7
Abbott Laboratories - Lake Bluff Pond 3	7.6
Acorn Acres Lake	25.8
ADID 103 Lake	41.9
ADID 120	11.6
ADID 188 Lake	6.3
ADID 203 (LCFPD)	12.7
ADID 42 Lake	12.0
Agger Lake - ADID 10	7.4
Albert Lake	18.2
Ames Pit - ADID 20	10.2
Amhurst Lake Business Park Pond 10	6.3
Amli Osprey Lake Apartments Lake	8.4
Antioch Lake	87.9
Bangs Lake - ADID 115	307.6
Barclay Station Pond 2	11.0
Barclay Station Pond 3	8.2
Baxter Healthcare Lake	8.3
Beelow Lake	13.2
Benet Lake	6.2
Big Bear Lake	25.1
Bishops Lake	7.0
Bittersweet Golf Club Pond 13	12.4
Bittersweet Golf Club Pond 3	8.9
Bluff Lake	103.5
Bresen Lake	22.9
Briggs Lake Subdivision Lake	6.0
Broberg Marsh - ADID 116	39.5
Buffalo Creek Reservoir	32.8
Butler Lake - ADID 113	56.5
Candice Lake - ADID 6	9.2
Cedar Lake - ADID 38	302.0
Central Slough Lake	32.1
Channel Lake - ADID 2	367.2
College Park Lake	6.3
College Trail Lake	8.2
Columbus Park Lake	6.4
Conway Park Lake	8.1
Countryside Glen Lake	7.7

LAKE NAME	ACRES
Countryside Lake	139.3
Countryside Landfill Lake 2	11.8
Cranberry Lake - ADID 77	16.3
CRO Pond - Abbott	11.3
Crooked Lake - ADID 39	140.3
Cross Lake - ADID 4	25.1
Cuba Marsh	9.0
Dady Slough Lake	6.7
Dahl Peat Pit	8.0
Davis Lake - ADID 125	34.2
Deep Lake - ADID 29	225.8
Deer Lake - ADID 6	59.5
Deer Lake Meadows Lake	13.3
Des Plaines Lake	24.5
Diamond Lake	153.2
Dog Bone Lake	30.1
Dog Training Pond	14.4
Dover Pond - ADID 182	20.1
Druce Lake	87.2
Drummond Lake - ADID 117	21.0
Duck Lake	111.3
Dunn Lake - ADID 35	67.6
Eagle Lake	22.5
East Loon Lake - ADID 17	186.6
Echo Lake	24.8
Emerald Shores Lake	7.7
Fairfield Marsh North - ADID 50	34.9
Fischer Lake	23.0
Fish Lake - ADID 73	96.7
Flint Lake	10.1
Forest Lake	39.1
Forest Lake of Green Oaks	7.8
Fourth Lake - ADID 44	304.3
Fox Lake	1869.6
Fox Run of Barrington Lake	9.6
Gages Lake	143.0
Golden Oaks Farm Lake	16.1
Grand Avenue Marsh	13.5
Grand Dominion Lake	10.0
Grandwood Park Lake	8.9

LAKE NAME	ACRES
Grass Lake - ADID 10	1619.4
Grassy Lake - ADID 166	41.4
Grays Lake - ADID 78	79.8
Grayslake North High School Lake	9.0
Great America Lake	9.1
Halfday Pit - E	7.5
Halfday Pit - W	7.1
Harvey Lake - ADID 144	14.5
Hastings Lake - ADID 31	74.9
Hawthorn Knolls Lake	8.9
Hendrick Lake - ADID 30	19.0
Heron Pond	7.6
Hidden Lake	19.4
Highland Lake	102.8
Honey Lake - ADID 167	65.5
Hook Lake	35.7
Hunt Club Farms Lake	12.3
Illinois DOT - Ingleside Lake	7.2
Independence Grove (Peterson Pit)	127.3
Indian Creek Estates Lake	9.3
Indian Knoll Lake	6.4
International Mineral and Chemical Co. Lake	6.3
Island Lake	44.4
Kemper Lake 1	69.9
Kemper Lake 2	27.9
Kendler Ponds Lake	6.0
Lake Barrington	90.8
Lake Betty	17.6
Lake Carina	23.3

Woodland Lake	7.5
Wooster Lake - ADID 189	98.3
Yankee Lake	6.8
Ziegler Lake	14.2

### Appendix 3.10 List of Beaches, with Lake Name

BEACH NAME	LAKE NAME
Hilldale Manor	Redhead Lake
Lakeview Hills Subdivision	Redhead Lake
Cedar Island	Pistakee Lake
Crocketts Estates Subdivision	Pistakee Lake
Pistaqua Heights Imp. Association	Lake Matthews
Mineola (Woodhills Bay Colony)	Fox Lake
Bonnie View Estates	Fox Lake
Atwater Park	Fox Lake
Stanton Bay Park	Fox Lake
Columbia Bay	Fox Lake
Buena Park	Fox Lake
Blarney Island	Grass Lake
Jo Als Resort/Cypress	Petite Lake
Summerside (Resthaven)	Petite Lake
Beachwood Subdivision	Petite Lake
Petite Lake Park	Petite Lake
Highwood Subdivision	Petite Lake
Chain O' Lakes Park Subdivision	Bluff Lake
Lodges Beach	Bluff Lake
Ferris Trailer Park	Lake Marie
Lake Marie Subdivision	Lake Marie
Bob's Marina	Lake Catherine
Feltners Subdivision North	Lake Catherine
Club Zobak	Lake Catherine
Channel Lake Shores Subdivision	Channel Lake
Bluff Subdivision Park	Channel Lake
McDermitt	Channel Lake
Warriner's II Subdivision Beach	Lake Catherine
Cedar Lake Park	Cedar Lake
Lehmann Park	Cedar Lake
Jack and Lidia's Resort, Inc.	Deep Lake
Lake Villa Township Park	Sand Lake
Grass Lake Marina	Grass Lake Pond
Chain O' Lakes Park Subdivision	Lake Matthews
Maimans Lake Shore Park Assn.	Bangs Lake
Maiman's Lakeside Manor	Bangs Lake
LakeView Villa	Bangs Lake
Elmcrest Association	Bangs Lake

BEACH NAME	LAKE NAME
Lindy's Landing	Bangs Lake
Wauconda Park District	Bangs Lake
Pebble Beach	Gages Lake
Gages Lake Picnic Grove	Gages Lake
Camp Moyoca	West Loon Lake
East Swim Beach	Tower Lake
Lake Barrington Shores	Lake Barrington
Biltmore Country Club Beach	Honey Lake
South Beach	Timber Lake
Libertyville Boat Club Beach	Lake Minear
Lincolnshire Pond/Spring Lake Park	Spring Lake
Gowe Memorial Pond	Gowe Memorial Pond
Mariner's Cove Beach	Druce Lake
Jones Island Beach	Gray's Lake
Improvement Assoc Beach	Manor Lake
Round Lake Beach Park	Round Lake
Bengson Park Beach	Round Lake
Great Outdoors Camp	Crooked Lake
YMCA Day Camp Beach West	Hastings Lake
Henry J Paulus Park Beach	Lake Zurich
Oakwood Beach Club	Lake Zurich
Breezewald Park Beach	Lake Zurich
Nestlerest Park	Lake Zurich
Linden's Landing	Lake Linden
Meyer's Beach	Lake Linden
Fourth Lake Resort	Lake Miltmore
West Township Beach	Lake Miltmore
South Shore Beach	Island Lake
Briar Court Beach	Island Lake
Park Drive Beach	Island Lake
Camp Duncan	Fish Lake
Fish Lake Beach	Fish Lake
Camp Henry Horner Beach	Wooster Lake
Sedgewood Cove	Crooked Lake
Prairie Crossing Beach	Prairie Crossing Lake
Sylvan Drive Beach	Sylvan Lake
Northeast Beach	Countryside Lake
North Shore Park (Grove Terrace)	Diamond Lake

BEACH NAME	LAKE NAME
Oak Terrace Beach	Diamond Lake
Mundelein Park Dist. Beach	Diamond Lake
Lake Terrace Beach/W. Shore Park	Diamond Lake
Lomond Park Beach	Loch Lomond
North Beach	Loch Lomond
Sunrise Beach	Lake Michigan
North Point Marina Beach	Lake Michigan
IL Beach St Park South Beach	Lake Michigan
Waukegan North Beach	Lake Michigan
Waukegan South Beach	Lake Michigan
Forest Park Beach	Lake Michigan
Park Avenue Beach	Lake Michigan
Rosewood Beach	Lake Michigan
IL Beach St Park North Beach	Lake Michigan
Independence Grove Beach	Independence Grove
Hermitage Apartments Beach	Deep Lake
Fox Lake Vacation Village Beach	Dunns Lake

**Appendix 3.11 List of Hospital Based Fitness Centers and YMCAs**

<b>FITNESS CENTER</b>	<b>CITY</b>	<b>FITNESS CENTER TYPE</b>
Advocate Center Club - Libertyville	Libertyville	Hospital Based
Advocate Center Club - Gurnee	Gurnee	Hospital Based
Advocate Good Shepherd Hospital Health and Fitness Center	Barrington	Hospital Based
Highland Park Hospital Health and Fitness Center	Buffalo Grove	Hospital Based
Lake Forest Health and Fitness Center of Northwestern Lake Forest Hospital	Lake Forest	Hospital Based
Lindenhurst Health and Fitness Center of Northwestern Lake Forest Hospital	Lindenhurst	Hospital Based
Foglia YMCA	Lake Zurich	YMCA
Grayslake YMCA	Grayslake	YMCA
Hastings Lake YMCA	Lindenhurst	YMCA
Central Lake YMCA	Vernon Hills	YMCA
Northern Lake YMCA	Waukegan	YMCA

### Appendix 3.12 List of Grocery Stores

NAME	CITY
ANTIOCH PACKING HOUSE	Antioch
JEWEL/OSCO #3466	Antioch
PIGGLY WIGGLY #101	Antioch
WAL-MART SUPERCENTER #5199	Antioch
DOMINICKS #3109	Bannockburn
JEWEL/OSCO #3451	Barrington
JEWEL/OSCO #3469	Deerfield
WHOLE FOODS MARKET	Deerfield
DOMINICKS #1958	Fox Lake
JEWEL/OSCO #3453	Fox Lake
VALS FRESH MARKET	Fox Lake
JEWEL/OSCO #3464	Grayslake
PIGGLY WIGGLY #103	Grayslake
SPICE N CURRY	Grayslake
A & M ORIENTAL MART	Gurnee
BROWNS CHICKEN/GURNEE FUEL STOP	Gurnee
DOMINICKS #1151	Gurnee
JEWEL/OSCO #3405	Gurnee
SAMS CLUB #8184	Gurnee
WAL-MART SUPERCENTER #1668	Gurnee
ANTONS FRUIT RANCH	Highland Park
JEWEL/OSCO #3459	Highland Park
SUNSET FOOD MART	Highland Park
ISAAC & MOISHIE D.F.V.	Highwood
LA UNION SUPERMARKET	Highwood
MARIAS BAKERY	Highwood
TRATTORIA GIACOMO	Highwood
ISLAND FOODS	Island Lake
